Dear Sir,

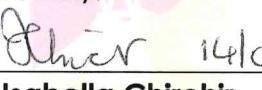

ADDITION OF COMMODITIES: INDUSTRIAL MINERAL (IM) ON ACTIVE MINING CLAIM 70812

Your letter received 17 May 2024 has reference.

For your request to be considered, i.e to register your mining claims with IM, you are required to do an environmental impact assessment (EIA) as per environmental management act; and submit a valid environmental clearance certificate (ECC) with industrial mineral as a target commodity on this mining claim. Only after this process, that you can be permitted to commence with mining activities relating to IM.

In the meantime, the registration and activities on these mining claims remain for SPS only, until you submit a new ECC.

Yours truly,

 14/06/2024
Ms Isabella Chirchir
Mining Commissioner
