SUBDIVISION OF PORTION 138 (A PORTION OF PORTION 2 (SONNLEITEN) OF FARM ONDEKAREMBA NO.78 INTO PORTION A AND REMAINDER; AND SUBSEQUENT REZONING OF THE SUBDIVIDED PORTION A FROM 'AGRICULTURE' WITH A GROSS DENSITY OF 1:10HA TO 'TOURIST ESTABLISHMENT'

DU TOIT TOWN PLANNING CONSULTANTS, is currently applying on behalf of the owner of the portion, Marton Investments CC (Sole member Andrea Giel) in terms of the stipulations of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018), to the Windhoek City Council and the Urban and Regional Planning Board for:
□ Rezoning of Erf 7113, No. 420 Independence Avenue, Windhoek from 'residential' with a density of 1 dwelling per 900m² to 'business' with a bulk of 10
□ Rezoning of Erf 7113, No. 420 Independence Avenue, Windhoek from 'residential' with a density of 1 dwelling per 900m² to 'business' with a bulk of 10
□ Subsequent rezoning of the subdivided Portion A from 'Agriculture' with a gross density of 1:10ha to 'Tourist Establishment' for the operation of a lodge
The project area lies south of the Trans-Kalahari Highway (B6) and the under-construction Windhoek-Hosea Kutako Road, about 10km from Hosea Kutako International Airport. Portion 138 is 490,4675ha in extent and is currently zoned as 'Agriculture' under the Kapsfarm Zoning Scheme, with a density of 1:10ha. The client plans to establish a lodge on a part of Portion 138, necessitating its subdivision to create Portion A for the lodge and the remainder of Portion 138. Portion A will be rezoned from 'Agriculture' to 'Tourist Establishment' to accommodate the lodge.
Remainder Portion 2 (Sonmleiten) of Farm Ondekaremba No. 78 (and by implication also Portion 138 and Portion 139) currently has direct access from the main road, but the ongoing construction of a Future Trunk Road, forming its northern boundary, will affect access. A new intersection northeast of the current access point is proposed, which the Roads Authority has reviewed without objection. They recommend using the existing access until the new intersection becomes operational.
Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (final date for objections is 06th February 2025).

PUBLIC CONSULTATION MEETING MINUTES:

Environmental and Social Impact Assessment for the proposed prospective and exploration activities on Exclusive Prospecting Licence (EPL) No. 10021 located near Warmbad, //Karas Region, Namibia

Date: Saturday, 05 April 2025

Time: 13:00 – 17:00

Venue: Farm to Farm Consultation and Velloordrift Border Post

The public consultation meeting was conducted on a farm to farm consultation basis, and also at the Velloordrift Border Post, including three (3) Consultants from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register.**

1. INTRODUCTION AND WELCOMING REMARKS

The farm to farm and Velloordrift border post meeting was opened by the Environmental consultant with an introduction of the project, and the reason why the affected parties are being consulted.

The meeting attendance register was circulated for the attendee to write down their names and contact details so that they could be added to the list of Interested and Affected Parties (I&APs) and receive further information on the ESIA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

The Environmental and Social Impact Assessment (ESIA) and the reason that the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESIA and apply for the Environmental Clearance Certificate (ECC).

2.2 Explanation of what an ESIA is, its Process, and the Public Role in the Process

Mr. Silas David explained to the attendee the purpose of the meeting and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. David further explained that the proposed activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultant also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Mr. David allowed the meeting attendee to raise their concerns, issues, and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 05th April 2025

1.	Mrs. Nuukunde: It is important to note that when the prospecting and exploration activities commences in the area, the Proponent must ensure that no poaching is allowed on the farms, and the farmers gates must be closed at all time. Poaching is high in the area. Drilling during the exploration phase, drilling activities must ensure that drilling activities do not cause wild fire on the farms. The area has high risk for illegal border crossing, into south Africa and vice-versa; where people attempt to use the Orange River as a channel of illegal crossing. The workers on-site must be made aware that illegal border crossing is highly prohibited, and trespassing farms is not allowed.	Mr. David (SD): Noted.

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
2.	Mr. Badenhorst: We have agricultural proposed projects on Farm Verlloordrift. Therefore, the exploration activities on our farm will affect the agricultural plan. Thus, we do not support such activities on our farm. Animal poaching is a huge concern in the area, locally, and through illegal border crossing through the Orange River. The Proponent must take this into account, as exploration and prospecting activities in the area can increase the likelihood for animal poaching. Drug smuggling into Namibia is a big concern and the proposed activities can increase the chances.	Mr. SD: Noted.
3.	Mr. Strauss: Non-invasive activities will be allowed on my farms (soil sampling). However, no exploration (drilling and trenching) will be allowed on our farms. No poaching of animals will be allowed on our farms, and the prospecting team will only be allowed to work from 08:00 – 17:00.	Mr. SD: Noted. Mr. SD: The environmental Management Plan which will be shared with all affected and interested parties for their review and/or comments, will outline the mitigation measures of all negative impacts.

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
	The roads within our farms are private roads, and if the Proponent intends to conduct prospecting activities on our farms, the Proponent must contribute and compensate for the road maintenances. One of our Farm Beenbreek have archaeological features (graves), and we can provide you with coordinate system. EDS must pass through Farm Khaais to go to farm Beenbreek for the assessments.	Mr. SD: Noted. Mr. Roland Mushi (RM): Thank you. The coordinate systems will of good use, even though I will be required to take pictures of such findings for the Archaeological and Heritage Impact Assessment for this project.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. David thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendee that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Social Impact Assessment (ESIA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. David informed the attendee that the draft meeting minutes, ESIA Report, and Environmental Management Plan (EMP) will be shared with the parties for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESIA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The farm to farm public consultation meeting adjourned at 17h00.
