PUBLIC CONSULTATION MEETING MINUTES:

Environmental and Social Impact Assessment for the proposed prospective and exploration activities on Exclusive Prospecting Licence (EPL) No. 9969 located near Karasburg, //Karas Region, Namibia

Date: Wednesday, 14 May 2025

Time: 10:00 – 11:00

Venue: Karasburg East Constituency Office (Boardroom)

The public consultation meeting was conducted face to face with Interested and Affected Parties (I&APs), including three (3) Consultants from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register.**

1. INTRODUCTION AND WELCOMING REMARKS

The consultation meeting was opened by the Control Administration Officer (CAO) from Karasburg East Constituency Office by giving the attendance a chance to introduce themselves. The Environmental consultant introduced the project, and the reason why the I&APs are being consulted.

The meeting attendance register was circulated for the attendee to write down their names and contact details so that they could be added to the list of I&APs and receive further information on the ESIA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

The Environmental and Social Impact Assessment (ESIA) and the reason that the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESIA and apply for the Environmental Clearance Certificate (ECC).

2.2 Explanation of what an ESIA is, its Process, and the Public Role in the Process

Mr. Silas David explained to the attendee the purpose of the meeting and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. David further explained that the proposed activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultant also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Mr. David allowed the meeting attendee to raise their concerns, issues, and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 14th May 2025

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
1.	Mr. Waterboer: It should be noted that the affected parties are not in the meeting today. Communication have been made about the public consultation meeting for EPL 9969. When communication was made to the affected parties, some parties have raised concern that water is an issue in the area and mining related activities are not allowed on their farms. The affected farms are mainly for agricultural purpose and mining activities will have a negative impact on the agricultural sector. In addition, farmers requested to be compensated for their time for attending meetings of such nature.	Mr. David (SD): Thank you, we are following the Environmental Management Act 7 of 2007, section 21-24 which deals with the public consultation process, if the farmers are not here today, it shows that they have made their rights, and there is nothing we can do regarding that matter. Mr. SD: We take note of the issues and mitigation measure will be provided accordingly for public review. Mr.SD: Noted, however, when farmers attending community meeting or going to animal auctions, do they request for compensations to attend such activities (community meeting and/or auctions), or do they attend due to the fact that it is important for them? I think this meeting is important to the farmers, where we are here to hear about their concern, issues or comments and incorporate them in the ESIA, and provide mitigation measures in the EMP.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. David thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendee that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Social Impact Assessment (ESIA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. David informed the attendee that the draft meeting minutes, ESIA Report, and Environmental Management Plan (EMP) will be shared with the parties for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESIA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The public consultation meeting adjourned at 11h00.
