NOTICE OF INTENTION IN TERMS OF THE URBAN AND REGIONAL PLANNING ACT OF 2018 (ACT 5 OF 2018)

REZONING OF ERF, 1500, EXTENSION 7, HENTLES BAY FROM "LIGHT INDUSTRIAL" TO "INSTITUTIONAL"

Please take note that NAMPLAN Town Planning Consultants and Projects CC, on behalf of our client, intends to apply to the Hentles Bay Municipal Council for the rezoning of Erf 1500 located in Extension 7 from "Light Industrial" to "Institutional".

Erf 1500 currently measures 1300 m² in area and is located in Sand Drive located in the Extension 7 of Hentles Bay. The Erf currently accommodates the Private Christian Academy School. The reason for this proposed rezoning stems from the fact that Erf 1500 currently accommodates a "Light Industrial" zoning and according to the Hentles Bay Zoning Scheme, a school is only permitted as a secondary use with consent from Council which was already obtained. Our client would like to increase the property in order to minimize the high property taxes associated with a "Light Industrial" zoned area and to allow the school as a primary right on the property and not a secondary right. In order for our client to proceed with the proposed rezoning it is required to rezone the erf to "Institutional".

Please further take note that:

(a) the plan of the erf can be inspected at the public notice board at the Hentles Bay Municipality located on the corner Nicosky Yembe & Jekalapatu Street.

(b) any person who objects to the proposed rezoning or who wants to comment thereon, may lodge such objections and comments, together with the grounds thereof, in writing and addressed to the Chief Executive Officer of the Hentles Bay Municipality and the applicant within 30 days of the first publication of this notice.

Please be advised that the written objection must be forwarded with the prescribed fee as required by the Urban and Regional Planning Act of 2018 (Act No. 5 of 2018). Written objections must be submitted by no later than 17:00 on 26 March 2025.
