

24 March 2025

PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE EXCLUSIVE PROSPECTING LICENCE (EPL) No. 9933 LOCATED NEAR SESFONTEIN, KUNENE REGION, NAMIBIA.

Date: 14 March 2025

Time: 14h00

Venue: Otjikondavirongo settlement, Kunene Region.

The public consultation meeting was attended by Forty-eight (58) persons, including one (1) Environmental Consultant and one (1) Archaeologist/Heritage specialist from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register.**

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by the environmental consultant with an introduction of the team, who they are, and why they are consulting affected parties of the proposed prospecting and exploration activities on EPL 9933. The meeting attendance register was then circulated for the attendees to write down their names and contact details so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

The Environmental Scoping Assessment (ESA) and the reason that the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESA and apply for the Environmental Clearance Certificate (ECC).

2.2 Explanation of what an ESA is, its Process, and the Public Role in the Process

Ms. Iyaloo Nakale explained to the attendees the purpose of the meeting and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. Tjelos further explained what an ESA is and that the proposed exploration activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultants also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Ms. Nakale allowed the meeting attendees to raise their concerns, issues and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 14th of March 2025.

| Comment/ issue No. | Commenter name & issue/comment/question | Response and name of responder: |
|---------------------------|---|--|
| 1. | Commenter 1: A lot of proponents come here prospect and just leave without making contributions to the community, we want to proponent to collaborate so we work together | Ms. Iyaloo Nakale (IN): Noted. Upon the issuance of the ECC, the proponent will meet the community to negotiate mutually beneficial agreements. |
| 2. | Commenter 2: Where is the EPL located? The reason we are asking is because we will only be able to take you to the EPL if we have a reference point/village so you can do your assessment and we can show you around. | IN: Noted, The EPL is about 3 km west of Otjikondovirongo and one of the settlements on the EPL is Orutjandja, located south of the EPL. The GPS will assist use once we enter one corner of the EPL. |
| 3. | Commenter 3: We were notified by someone about there being a Rhino sanctuary near or on the EPL, what can you say about that? | IN: The individual contacted me, indicating the potential presence of rhinos roaming around the southern part of the EPL area. We are currently awaiting the submission of documentation to substantiate their claim. Should you guide us to the EPL, you may be able to confirm this as members of the conservancy, as shared information suggests that rhinos frequented this region in the past, but not within the last decade. If the claims are validated, mitigation measures can be incorporated into the Environmental Management Plan (EMP) |

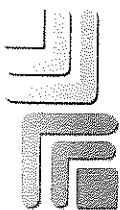

FINAL REMARKS AND CONCLUSION OF THE MEETING

Ms. Nakale thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Ms. Nakale informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 16h30.

NOTICE OF ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED EXPLORATION ACTIVITIES ON THE EXCLUSIVE PROSPECTING LICENCE (EPL) NO. 10033 LOCATED ABOUT 13 KM SOUTH OF OUIJO IN THE KUNENE REGION, NAMIBIA. Under the Environmental Management Act No. 7 of 2007 and its 2012 EIA Regulations, the proposed exploration activities on EPLs 9598 and 9599 require an Environmental Clearance Certificate (ECC) from the Department of Environmental Affairs and Forestry (DEAF) before commencement. The public is notified that an ECC application will be submitted to the Environmental Commissioner. **Brief Project Description:** The environmental scoping process will identify potential positive and negative impacts of the proposed activities on EPL 10033 located about 13 km South of the Oujjo settlement in the Kunene region. The target commodities on the EPL are Base & Rare Metals, Dimension Stone, Industrial Minerals, Precious Metals and Semi-Precious Metals. **Propponent:** Masechana Mining and Energy cc Environmental Consultant: Excel Dynamic Solutions (Pty) Ltd Public members are invited to register as Interested and Affected Parties to comment/raise concerns or receive further information on the Environmental Assessment process. Public Consultation meeting details will be communicated with all the registered I&APs. Registration requests should be forwarded to Excel Dynamic Solutions (Pty) Ltd on the contact details below, before or on 28 February 2025. VACANCY:

Seeking a Married Couple for Remote BLUEBERRY FARM Roles

We have two key positions available for a married couple willing to live and work in a remote setting.

Head of Blueberry Agricultural Technology
Leverage AI, precision irrigation, and data analytics to boost blueberry yields and sustainability.

- Responsibilities:**
 - Develop and implement tech-driven strategies.
 - Oversee irrigation systems for efficiency.
 - Integrate AI and data analytics for improved performance.
 - Lead and mentor agricultural teams.
 - Ensure compliance, sustainability, and budget management.

- Requirements:**
 - 8-15 years in agricultural tech (blueberry/fruit experience preferred).
 - Expertise in irrigation, data management, and AI.
 - Proven leadership and problem-solving abilities.
 - Relevant tertiary education in agriculture or related field.

- Procurement & Office Manager (Blueberry Farm)
- Oversee procurement of supplies/services, vendor negotiations, and office operations.
- Manage blueberry export/import processes and ensure regulatory compliance.
- Maintain records and collaborate with teams for seamless operations.

- Requirements:**
 - 6+ years in procurement/office management (agriculture preferred).
 - Experience with export/import documentation.
 - Proficiency in advanced Excel.
 - Strong negotiation, organizational, and problem-solving skills.
 - High integrity and confidentiality.

Kindly submit CV to: hellomamblaberreries.com before 28 February 2024.

NOTICE OF ENVIRONMENTAL SCOPING ASSESSMENT

(ESA) FOR: THE PROPOSED EXPLORATION ACTIVITIES ON THE EXCLUSIVE PROSPECTING LICENCE (EPL) No.10033 LOCATED ABOUT 13 KM SOUTH OF OUTJO IN THE KUNENE REGION, NAMIBIA.

Under the Environmental Management Act No. 7 of 2007 and its 2012 EIA Regulations, the proposed exploration activities on EPL10033 require an Environmental Clearance Certificate (ECC) from the Department of Environmental Affairs and Forestry (DEAF) before commencement.

The public is notified that an ECC application will be submitted to the Environmental Commissioner.

Brief Project Description: The environmental scoping process will identify potential positive and negative impacts of the proposed activities on EPL 10033 located about 13 km South of the Outjo settlement in the Kunene region. The target commodities on the EPL are Base & Rare Metals, Dimension Stone, Industrial Minerals, Precious Metals and Semi-Precious Metals.

Propponent: Mantschaft Mining and Energy cc
Environmental Consultant: Excel Dynamic Solutions (Pty) Ltd

Public members are invited to register as interested and affected parties to comment/raise concerns or receive further information on the Environmental Assessment process.

Public Consultation meeting details will be communicated with all the registered I&APs. Registration requests should be forwarded to Excel Dynamic Solutions (Pty) Ltd on the contact details below, before or on 28 February 2025.

Obituary

In Memoriam

**SHACK DWELLERS
FEDERATION OF NAMIBIA
(SDFN) AND NAMIBIA
HOUSING ACTION GROUP
(NHAG)**

Message of Condolences on the Passing of the Founding President of the Republic of Republic of Namibia and Father of the Nation, HE Dr Sam Shafiishuna Nujoma

On Behalf of the entire membership of the Shack Dwellers Federation of Namibia (SDFN), Board of Trustees and Staff of Namibia Housing Action Group (NHAG)

It is with deep sorrow and heavy hearts that we extend our heartfelt condolences to the Founding First Lady, Madame Kovambo Nujoma, Hon. Utoni Nujoma and your Siblings, the family, and the entire Namibian Nation on the loss of our beloved Founding President, HE. Dr. Sam Nujoma.

Throughout his life, Dr. Nujoma exemplified the values of resilience, unity, community participation and people-centred development. Today we have people's programs like the Decentralised Build Together Program and the Shack Dwellers Federation, these are some of the programs that has made impacts in the peoples lives by housing them. Today these programs have housed thousands of fellow Namibians. These programs were initiated during the tenure of Dr. Nujoma. We thank Dr. Nujoma for creating the enabled environment

We join you in mourning the passing of a remarkable leader whose vision and efforts were instrumental in building a Namibia for all and a nation that stands tall and proud among the international community. He tirelessly championed the cause of the Shack Dwellers Federation of Namibia (SDFN) (People's processes) and contributed significantly to the improvement of the living conditions of the less privileged in society.

We recognize and appreciate the enabled environment created by the Administration of the late President Nujoma through the then Ministry of Local, Regional Government and Housing on the Shack Dwellers Federation of Namibia, resulting in the Government providing an annual financial allocation since the year 2000 for the construction of low-cost houses for our members.

Our thoughts and prayers are with you during this difficult time and may we forever be grateful and Dr. Nujoma's legacy continue to shine brightly in the land of the brave.

May his soul rest in eternal peace
