**Subject: Acknowledgement for Harvesting of Dead Wild Olive Trees on Farm  
Tiberian**

Dear Sir/Madam,

1. The above matter bears reference.
2. The Otavi Constituency Office hereby confirms that we have been notified of the harvesting of dead *Olea europaea* subsp. *africana* (wild olive) trees on Farm Tiberian, located in the Otavi Mountain Land. We hereby grant our consent and support for the harvesting of these dead trees.
3. Farm Tiberian is situated approximately 10 kilometers east of Otavi along the B8 road toward Grootfontein, with access via the D2820 district road. As a neighboring landowner, I am fully aware of the state of vegetation on the property and understand that the harvesting is strictly limited to dead trees, posing no threat to the ecological integrity of the area when conducted responsibly.

4. I am satisfied that this activity will contribute positively to land management by reducing the risk of wildfires and controlling woody encroachment. I trust that all relevant environmental regulations and best practices will be adhered to during the process.

Please feel free to contact me should you require any further information or clarification regarding this matter.

Kind regards

**Hon George Garab (MP)**  
Regional Councilor, Otavi Constituency
