Dear Mr Nambala

CONSENT TO CONSTRUCTION OF OMHUKU-OSHIKULUFITU GRAVEL ROAD STANDARDS (3KM) IN ANAMULENGE CONSTITUENCY IN OMUSATI REGION

1. Anamulenge Constituency is a flood-prone area, where heavy rainfall triggered floods which normally disrupted the provision of essential services especially to rural communities; force families with flooded houses to relocate to high grounds; people unable to access schools and health facilities; and flooded crop fields resulted to low agriculture production. It is unfortunate that there are no access road to schools.
2. Our office is aware of environmental and social impacts of this project as narrated during Environmental & Social Impact Assessment Public Meetings. However, the construction of Omhuku-Oshikulufitu gravel road is essential and critical in the development of our constituency and relief to our people who usually struggle to get access to/from the tarred road and to/from school, clinic and church at Oshikulufitu during the rain seasons. Equally, the gravel road should proceed to Onawa Clinic to provide short cuts and access to Omufitu North Combined School and Outapi-Okalongo Road.
3. Anamulenge is also a dry constituency with limited perennial water sources in the inland, therefore we anticipate that excavation of gravel might provide earth dams to contain water to be used during the dry seasons.
4. Based on the above stated circumstances, our office has no objection on the construction of Omhuku-Oshikulufitu gravel road.
5. Yours sincerely,

Tylves Angala

REGIONAL COUNCILLOR: ANAMULENGE CONSTITUENCY

Dear Mr Nambala

CONSTRUCTION OF OMHUKU-OSHIKULUFITU GRAVEL ROAD (3KM) IN ONHOKOLO VILLAGE IN ANAMULENGE CONSTITUENCY IN OMUSATI REGION

I, Paulus Shiluwa, the headman of Onhokolo, and the community members hereby confirm that we have consented to the construction of Omhuku-Oshikulufitu gravel road. This kind of project has been long overdue since it has been difficult for people reach the school and the clinic especially during the rainy seasons. This is a very important project because it will provide reliable and safe movement of people and goods, promote economic development by attracting investments, and providing job opportunities to people in our village.

Therefore, we are looking forward for the execution and completion of this project.

Yours faithfully,

Paulus Shiluwa (Mr)

THE HEADMAN: ONHOKOLO VILLAGE
