Dear Esteemed stakeholder,

This email serves to inform you that Excel Dynamic Solutions (Pty) Ltd (The consultant) has been appointed by the following: Aanpark Investment (Pty) Ltd_ EPL 9413 and Libra-Seventy one Investment (Pty) Ltd_ EPL 9777 to act on their behalf in obtaining Environmental Clearance Certificates (ECC) for the proposed mineral exploration and mining activities on the mentioned EPLs and Mining Claims located in the Kunene region as shown in the locality maps in the attached Background Information Documents (BIDs).

Mineral prospecting, exploration and mining are some of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. Furthermore, Section 21 to 24 of the EIA Regulations requires that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential interested and affected Parties (I&APs) or stakeholders and ongoing registration of new I&APs and subsequent consultation.

You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached Background Information Document (BID) for the proposed exploration activities.

On behalf of the team at Excel Dynamic Solutions (Pty) Ltd, we would like to inform you that we will be accessing the EPLs and Mining claims as part of the Environmental and Heritage Assessment, following the upcoming public consultation meeting.
Details regarding the public consultation dates will be communicated in due course.

We kindly request your assistance in distributing the attached Background Information Document (BID) to all affected and interested Parties and for them to register with our office.

Thank you and best regards,

Ms. Iyaloo Nakale
Environmental Assessment Practitioner
