Key Stakeholder Emails_Epembe_Malachite.docx;

Hi Philip,

Attached is the table with names of people who received the BIDs. Please take note that BIDs were not sent to key stakeholders via email, but only hand delivered, since one-on-one and focus group consultations were arranged with the key institutions on the database. The BIDs were then shared as hardcopy during the meetings. Each institution had a representative who agreed to share copies of the BIDs with the other staff within their organizations, hence they signed the attendance register as confirmation.

Apart from Basilia Shikongo, there was no other party that requested the BID and no comments were received via email/telephone.

Kind Regards,

Immanuel N. Katali (Environmental Assessment Practitioner and Socio-Economic Specialist)

Dear Immanuel

Please forward all the BID emails you sent out to stakeholders so I can see who needs to get the public review EIAs. Thank you. I need them urgently as I want to send out the emails today.

Regards
Philip

Dear Immanuel

Hi, just following up on yesterday's request. Could you send the public consultation report as soon as possible. The client needs me to finalise the public review documents today. Many thanks.

Kind regards Philip HOOKS
