Dear Interested and Affected Party,

This communication serves to inform your office that Bannerman Mining Resources (Namibia) (Pty) Ltd. (hereafter referred to as the Proponent), located approximately 25 kilometres south-east of the coastal town of Swakopmund, in the Erongo Region is of the intention to apply for an Environmental Clearance Certificate for the construction of a 132kV Overhead Transmission Line (OHTL) and a 132/11kV substation with metering station.

In line with Regulation 21 of the mentioned EIA Regulations, you/r office as a potentially Interested and/or Affected Party (I&AP), are hereby informed of the Proponent's intention to apply for an Environmental Clearance Certificate and is invited to register as an I&AP and to provide comments and/or feedback, should there be any.

Find attached a Background Information Document (BID) providing information relevant to the proposed development, short overview of the receiving environment, and an invitation to submit comments/questions/concerns is available from our office.

Comments and questions should be submitted **in writing** to Urban Green cc by way of:

- Fax your comments/concerns or input to the office of Urban Green cc (061 – 401 294);
- E-mail your comments/concerns or input to Urban Green cc (urbangreen@iway.na) or
- Post your comments/concerns or input to Urban Green cc (PO Box 11929, Klein Windhoek).

**DEADLINE FOR REGISTRATION AND SUBMISSION OF COMMENTS AS PART OF THE FIRST ROUND OF PUBLIC CONSULTATION IS 29 October 2021.**

All registered I&AP will be kept informed throughout the process.

Should there be any questions, please contact us?

Kind regards

Julia L. Bashir

**RE: APPLICATION FOR AN ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED 132 kV OVERHEAD TRANSMISSION LINE FEEDING THE NEW 132/11 kV BANNERMAN ETANGO MINE SUBSTATION, SWAKOPMUND DISTRICT, ERONGO REGION**

This letter serves to inform your office that Bannerman Mining Resources (Namibia) (Pty) Ltd. (hereafter referred to as the Proponent), located approximately 25 kilometres south-east of the coastal town of Swakopmund, in the Erongo Region is of the intention to apply for an Environmental Clearance Certificate for the construction of a 132kV Overhead Transmission Line (OHTL) and a 132/11kV substation with metering station.

The Proponent commissioned this environmental assessment and appointed Urban Green cc (The Environmental Assessment Practitioner) to undertake the necessary study (i.e. Scoping Assessment), as prescribed by the Environmental Impact Assessment Regulations (Government Notice No. 30 of 2012), to enable an application for an Environmental Clearance Certificate with the Environmental Commissioner.

In line with Regulation 21 of the mentioned EIA Regulations, your office as a potentially Interested and Affected Party (I&AP), are hereby informed of the Proponent's intention to apply for an Environmental Clearance Certificate and is invited to register as an Interested and/or Affected Party (I&AP) and to provide comments and/or feedback, should there be any.

A Background Information Document (BID) providing information relevant to the proposed development, short overview of the receiving environment, and an invitation to submit comments/questions/concerns is available from our office. Please contact us should you wish to obtain a copy.

**Should your office have any comments/concerns/input, please submit with our office not later than 29 OCTOBER 2021, by close of business.**

Should your office require any further information and/or assistance, please contact us.

Yours faithfully,

\_\_\_\_\_  
Brand van Zyl

AT THE REGIONAL AND THE LOCAL AUTHORITY  
OFFICES AND ON-SITE**

## ENVIRONMENTAL SCOPING ASSESSMENT NOTICE TO ALL INTERESTED AND AFFECTED PARTIES

It is hereby given to all potentially interested and/or Affected Parties (I&APs), that an application will be made to the Environmental Commissioner in terms of section 27 (3) of the Environmental Management Act No. 7 of 2007 and Environmental Impact Assessment Regulations (GN No. 30 of 6 February 2012) for the following:

**Project:** Bannerman Mining Resources (Namibia) (Pty) Ltd.  
**Environmental Assessment Practitioner:** Urban Green cc.  
**Project Name:** Bannerman Etango Mine 132kV Overhead Transmission Line & Substation (Erongo Region)  
**Location:** The proposed 132kV OHTL & substation is located approximately 25 kilometres south-east of the coastal town of Swakopmund (Erongo Region).  
**Background and Description:** The application is for the construction of a 132kV OHTL transmitting electricity from the existing Kudu Substation to the proposed Bannerman Etango substation.

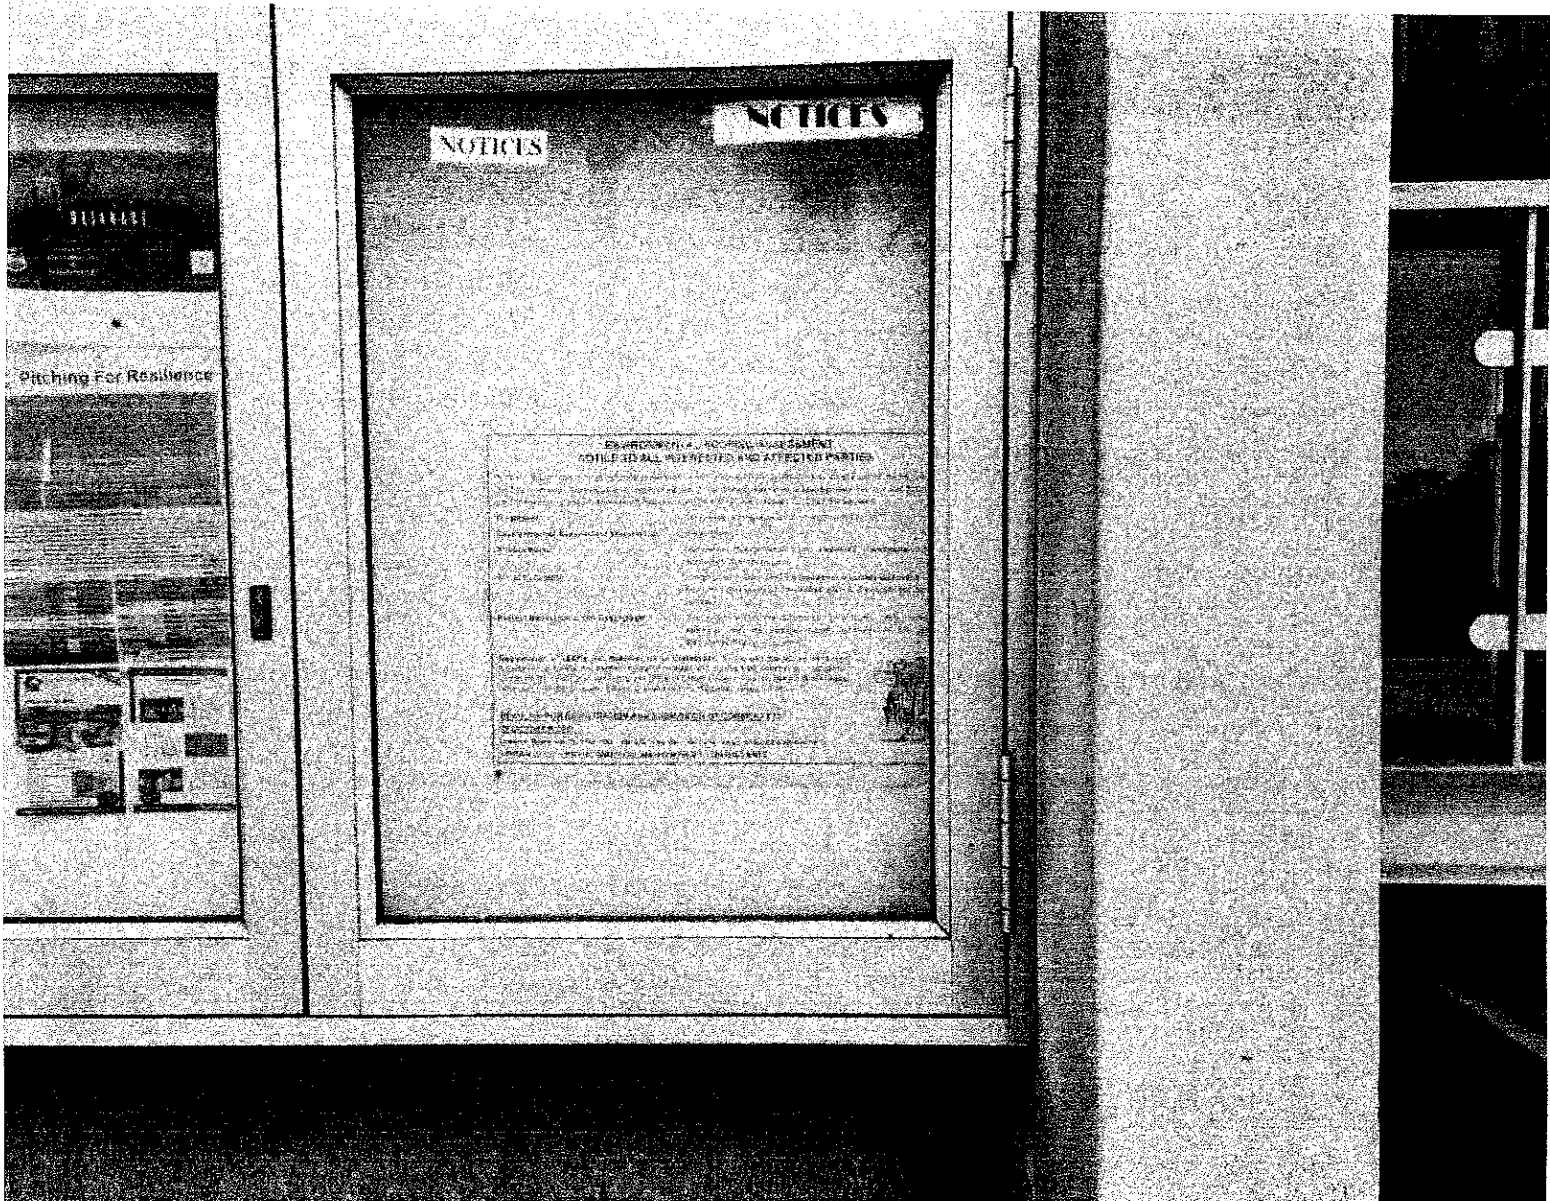

**Registration of I&APs and Submission of Comments:** In line with the above mentioned application, all I&APs are hereby invited to register and submit their comments (in writing) to the office of Urban Green cc. via the details given below. Information on the proposed project is available from the Urban Green cc. office.

**ONLINE FOR REGISTRATION AND SUBMISSION OF COMMENTS IS**

**15 OCTOBER 2021**

# **ENVIRONMENTAL SCOPING ASSESSMENT NOTICE TO ALL INTERESTED AND AFFECTED PARTIES**

Notice is hereby given that the Environmental Scoping Assessment (ESA) for the proposed 132kV Overhead Transmission Line (OTL) from the Beitbridge Mine to the Beitbridge Substation (BBS) in the Beitbridge District Municipality (BDM) is currently open for public comment. The ESA is a key component of the Environmental Impact Assessment (EIA) process and is intended to identify and assess the potential impacts of the proposed project on the environment and to develop measures to avoid, minimize, and compensate for these impacts. The ESA is a key component of the EIA process and is intended to identify and assess the potential impacts of the proposed project on the environment and to develop measures to avoid, minimize, and compensate for these impacts.

**Proposed:** Beitbridge Mining Resources (Pty) Ltd.  
**Environmental Assessment Ref:** Urban Green cc

**Project Name:** Beitbridge Mine 132kV Overhead Transmission Line Substation (Beitbridge Region)

**Project Location:** The proposed 132kV OTL is located approximately 10 kilometres south-east of the coastal town of Swakopmund (Erongo Region)

**Project Background and Description:** This activity entails the construction of a 132kV OTL, transmission electricity from the existing 'Kuldes' Substation to the proposed Beitbridge Erongo substation.

**Registration of EAPs and Submission of Comments:** In line with the above mentioned legislation, all EAPs are hereby invited to register and submit their comments / questions (to be done in writing) to the office of Urban Green to via the details given below. Information on the proposed project is available from the Urban Green office.

Dear Sir

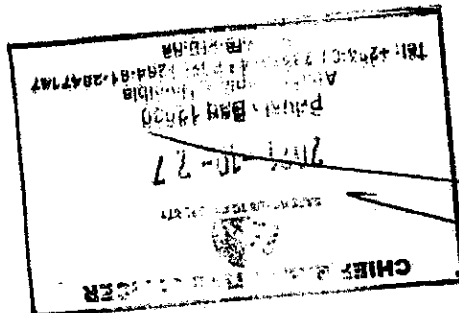

**APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED 132 KV OVERHEAD TRANSMISSION LINE FEEDING THE NEW 132/11 KV BANNERMAN ETANGO MINE SUBSTATION - SWAKOPMUND DISTRICT: OTJIFARONGO MAINTENANCE REGION**

Your letter dated 8 October 2021 on the subject matter has reference.

Please be informed that the Roads Authority has no objection to the construction of a 132 kV overhead transmission line feeding the new 132/11 kV, for Bannerman Etango mine substation. However, permission to cross the Main Road 49 (C26) with an overhead powerline should be obtained from the Roads Authority.

Yours sincerely

Conrad M. Lutombi  
CHIEF EXECUTIVE OFFICER

Established in terms of the Roads Authority Act, 1999 (Act 17 of 1999)

Dear Ms Ndeilenga,

The above mentioned subject refers.

As per our phone discussion today, your office at the Rooikop military base was forwarded the Environmental Scoping Assessment introductory letter by the ED's office, but unfortunately the map attached is in greyscale, making it difficult for you to relate to the legend.

Based on the above, kindly find attached the locality map and the background information document (BID), providing information relevant to the proposed development, short overview of the receiving environment, and an invitation to submit comments/questions/concerns.

Kind regards

**Julia L. Bashir**

**Subject:** Bannerman Etango 132KV OHPL - IAP Registration & Comments

Good Day,

I would like to register myself on behalf of Swakop Uranium as an IAP for the proposed project.

Some comments from the BID are as follows:

1. The road next to Walmund sub-station is labelled incorrectly as the C26, it is in fact the C28.
2. Are you not taking into consideration to conduct an archaeological assessment as the area where the power line will be located could potentially have known sites or expected chance finds due to the abundant heritage in the area from the war times.
3. Additionally with your reference to habitat disturbance the known animal routes to water sources could also potentially be disturbed and will need to be assessed.
4. Regarding visual impact and sense of place, the influence on tourism should also be reviewed and potential offsets if required.
5. Waste management, hydrocarbon & effluent management is also not mentioned.

Thank you & best regards,

**Carlene Baufeldt (Binneman)**

**Subject:** Bannerman Etango 132kV OHPL - IAP Registration & Comments

Good Day,

I would like to register myself on behalf of Swakop Uranium as an IAP for the proposed project.

Some comments from the BiD are as follows:

1. The road next to Walmund sub-station is labelled incorrectly as the C26, it is in fact the C28.
2. Are you not taking into consideration to conduct an archaeological assessment as the area where the power line will be located could potentially have known sites or expected chance finds due to the abundant heritage in the area from the war times.
3. Additionally with your reference to habitat disturbance the known animal routes to water sources could also potentially be disturbed and will need to be assessed.
4. Regarding visual impact and sense of place, the influence on tourism should also be reviewed and potential offsets if required.
5. Waste management, hydrocarbon & effluent management is also not mentioned.

Thank you & best regards,

**Carlene Baufeldt (Binneman)**

**Subject:** Reptile Mineral Resources: - request copy of Background Information Document for Bannerman ECC application

Dear Brand,

Today we received the registered letter from Urban Green cc regarding Bannerman's ECC application.

Would you be so kind and send me the background information document to distribute to my seniors?

With kind regards  
Ingrid

Ingrid Scholz

Dear Mr. Branda Van Zyl,

**SUBJECT: APPLICATION FOR AN ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE PROPOSED 132 KV OVERHEAD TRANSMISSION LINE FEEDING THE NEW 132/11 KV BANNERMAN ETHANGO MINE SUBSTATION, SWAKOPMUND DISTRICT, ERONGO REGION**

I refer to the above-captioned matter.

1. Subparts 11 of the Namibia Civil Aviation Regulations (NAMCARs) of 2001, as amended in 2018 and the Namibia Civil Aviation Technical Standards – Aerodromes and Heliports (NAMCATS -AH), stipulate the requirements for Obstacle Restriction and Removal.
2. The following are the requirements for the erection of obstacles in accordance with the Namibia Civil Aviation Regulations (NAMCARs) of 2001, as amended in 2018:

**Erection of obstacles**

- (1) 139.11.2 A person may not cause or permit the erection or growth of an obstacle at, or in the vicinity of, an aerodrome, where the obstacle may prevent an aircraft operation from being conducted safely or the aerodrome from being usable.
- (2) The erection of buildings or other objects in the navigable airspace or in the vicinity of an aerodrome or navigation aid must be in accordance with standards prescribed in Document NAM-CATS-AH.

- (3) A person may not cause or permit any object, including new or extension of existing objects to penetrate the obstacle limitation surface, established in accordance with regulation 139.11.3, without the written permission of the Executive Director.
3. Subsequently, the above-stated regulations are further supplemented in the NAMCATS-AH, as follows:

#### **139.11.2 Erection of obstacles**

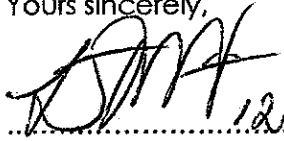

- (1) The erection or growth of an obstacle at or in the vicinity of an aerodrome, must not be permitted where the obstacle may prevent an aircraft operation from being conducted safely or the aerodrome from being usable.
- (2) Buildings or other objects which will constitute an obstruction or potential hazard to aircraft moving in the navigable air space in the vicinity of an aerodrome, or navigation aid, or which will adversely affect the performance of the radio navigation or instrument landing systems, may not be erected or allowed to come into existence without the prior written approval of the Executive Director and if erected in the absence of approval are liable to forced removal without right of compensation.
- (3) No building or object higher than 45 metres above the aerodrome elevation, or in the case of a water aerodrome, the normal level of the water, may be erected within a distance of 15 kilometres measured from the aerodrome reference point without written approval of the Executive Director.
- (4) A person must not cause or permit any object, to penetrate the obstacle limitation surface, without the written permission of the Executive Director, where the object may cause an increase in an obstacle clearance altitude or in the height for an instrument approach procedure or of any associated visual circling procedure.
- (5) The object referred to in sub-regulation (4) includes a new object or an extension of an existing object above the obstacle limitation surface.
- (6) In the event of a conflict of interest between land use authorities and air space users, air safety must be regarded as predominant and not to be compromised by land development projects or other obstacles.

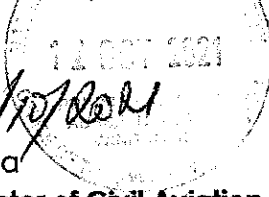

4. Hence, an entity with the interests of erecting structures with the features mentioned in the requirements of the regulatory and technical standard, must seek approval from my office, prior to the erection of the structures.
5. The interested party must complete for evaluation the following application forms; FSS-AGA-FORM-032 (permanent structures) and/or FSS-AGA-FORM-033 (temporary structures), as may be required. Hereafter, the applications are then evaluated, and a response is provided to the applicant via my office.

Thanking you in anticipation.

Yours sincerely,

  
12/10/2021  
Mr. Ericsson M. Nengola  
Interim Executive Director of Civil Aviation

A circular official stamp of the NCAA is positioned to the right of the signature. It contains the text 'NCAA' at the top, '12 OCT 2021' in the center, and 'NAMIBIA CIVIL AVIATION AUTHORITY' around the bottom edge.
