**PHASE 1 LAND RECLAMATION AND EXPANSION OF THE
PORT OF LÜDERITZ IN ROBERT HARBOUR, LÜDERITZ,
||KHARAS REGION**

**Written Notice to Local, Regional and
Traditional Authorities and Consent**

February 2026

Consent from !Aman Traditional Authority

THE APPROVAL PETITION FOR
THE !AMAN TRADITIONAL
AUTHORITY FOR THE EXPANSION OF
THE ROBERT HARBOUR IN LÜDERITZ
(!NAMI-#NUS)

We, the undersigned, respectfully petition NAMPORT for the expansion of the Robert Harbour in LÜDERITZ (!Nami-#Nus). In reference to the engagement held on 08–11 July 2025, the !Aman Traditional Authority witnessed the investigation session carried out on Shark Island. Based on this background, we held clan meetings in Bethanie and Aus where the clan shared the same sentiments with the affected communities and gave us the authorization to approve the expansion of the Robert Harbour in LÜDERITZ (Shark Island).

The !Aman Traditional Authority would like to sincerely apologize if this peaceful demonstration appears as though we do not consider the significance and importance of the foundation of this land and the blood that was shed on this ground.

We stand together with NTTLA and OTA in acknowledging that the matter of the genocide which took place on this ground is not one we take lightly. On the contrary, we honor and respect the sacrifices that were made. The fight for this land during the genocide was a fight for our freedom, our prosperity, and for us as descendants to have land on which we can build a great and prosperous legacy in their honor.

We envision a nation that will make those who died for this cause proud—that they did not die in vain, that all the brutal deaths and murders they endured were not meaningless, but instead gave us the opportunity to live meaningfully on land that honors them.

The !Aman clan, the leaders of our Traditional Authority, and the community at large stand together in writing this petition as direct descendants of those who came before us—those who fought the good fight. We wish to honor this fight by making this soil productive, by unlocking the wealth that is locked up in their bones. The young people and the current generations no longer want to keep these bones silent, but instead ensure that everything

we do honors their hardships and gives glory to God Almighty, who ensured that we were not entirely wiped out, and that those who remained have the privilege to be alive and to continue the rich work entrusted to them. We cannot allow the land to remain idle.

Therefore, it is our mandate and responsibility as the affected descendants of the 1904–1908 Genocide to uplift the communities of LÜDERITZ, Aus, Bethanie, the ||Kharas Region, and Namibia at large. Furthermore, this expansion will create employment, study opportunities for both young and old, and increase the Gross Domestic Product of our economy, while also contributing positively to the international goals of sustainable development.

In conclusion, I wish to emphasize that the **!Aman Clan are the rightful custodians of this jurisdiction**, and as such, any development in this area must be carried out in full consultation with the **!Aman Traditional Authority**. Furthermore, I must underscore that the **NTLA** and **OTA** do **not** represent the **!Aman Traditional Authority**, nor do they speak on behalf of, or have the mandate of, the

affected descendants of the genocide massacre.

As descendants of the 1904–1908 Genocide, our collective desire is that no one should feel excluded from the Namibian House.

Recognition, inclusion, and justice must be extended to all, especially those whose histories carry deep scars and who continue to seek dignity and rightful representation.

I thank You

Good day

I trust you are doing well? With regards to Friday's meeting in Lüderitz as per my previous mail and the attached invite, can you confirm if anyone from the //Karas Regional Council will attend?

Groete / Kind regards
