Subject: Re: Stakeholder identification for the proposed prospecting and exploration activities on EPL No. 4265 located Northwest of Dordabis in the Khomas region

Dear esteemed stakeholder ,
Following the communication below,

As part of our ongoing Environmental Assessment process for the proposed prospecting and exploration activities within the EPL area, we are proposing to hold a meeting with you on Wensday,09 July 2025 on a **farm-to-farm** basis.

Additionally, we would like to conduct a **site visit** around the EPL area on the same day as part of the **Environmental Impact Assessment (EIA)** and **Heritage Impact Assessment (HIA)**. This visit is expected to take **less than two hours**, starting from **10:00 AM**.

We kindly request your availability for this important engagement and appreciate your assistance in this matter. Your input is highly valuable, and we look forward to your response.

Warm regards
Aili

Subject: Stakeholder identification for the proposed prospecting and exploration activities on EPL No. 4265 located Northwest of Dordabis in the Khomas region

Dear Esteemed stakeholder

This email serves to inform you that Excel Dynamic Solutions (Pty) Ltd (the consultant) has been appointed by **Lodestone Namibia Pty Ltd**

(the proponent) to act on their behalf in obtaining an Environmental Clearance Certificate (ECC) for the proposed mineral exploration activities on Exclusive Prospecting License (EPL) 4265 located Northwest of Dordabis in the Khomas region, as shown in the locality map in the Background Information Document Attached.

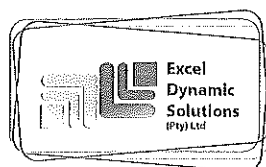

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. Furthermore, Section 21 to 24 of the EIA Regulations requires that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested and affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation.

You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication.

Excel Dynamic Solutions (Pty) Ltd consultants' team will require permission to access the farms as part of the Environmental and Heritage Assessment after the public consultation meeting, of which the date will be shared in due course

Please assist our office in circulating the attached BID with all affected stakeholders.

Thank you and kindest regards
