Environmentalist (Job Attachment), Namibia Water Corporation (Pty) Ltd

11/2023 - 10/2024

- **Environmental Compliance Auditing:** Conducted compliance audits and drafted detailed Environmental Compliance reports that identified gaps in environmental protection practices and provided actionable recommendations to project teams, facilitating improvements in compliance with environmental regulations.
- **Reviewing External Environmental Compliance Reports:** Reviewed reports submitted by external project teams. Involved assessing noncompliance issues and providing feedback to project teams to help ensure that the management mitigations in the project Environmental and Social Management Plans are implemented effectively and management mitigations adequately addressed.
- **Environmental Management:** Spearheaded the renewal of Environmental Clearance Certificates (ECCs) for NamWater's existing water supply schemes, ensuring timely completion and adherence to regulatory requirements set forth by the Ministry of Environment, Forestry, and Tourism. In addition, I updated Environmental and Social Management Plans for NamWater schemes, ensuring compliance with environmental regulations.
- **Limnology monitoring:** Conducted monthly limnological investigations at Von Bach, Swakoppoort, and Oanob dams to recommend strategies for water abstraction that reduce treatment costs. Additionally, performed water quality monitoring at Hardap, Naute, and Neckartal dams.
- **Pollution Control Monitoring:** Conducted a site investigation to assess the potential pollution risk posed by a storm water channel in Katima Mulilo discharging into the Zambezi River upstream of a NamWater abstraction point. Prepared a comprehensive report with findings and actionable recommendations for addressing potential threats to the local water supply, effectively balancing the interests of environmental protection and community needs.
- **Stakeholder Engagement:** Participated in stakeholder engagement meeting to discuss proposed groundwater abstraction from Kranzberg Aquifer in Erongo Region, gaining insights into community perspectives and concerns to inform project development aligned with local needs and values.

Short Biography

Nerson Tjelos is a trained Namibian Geoscientist, certified Project Manager, US Climate Reality trained Leader and currently finishing with my Masters in Geoinformation Science and Earth Observation. He is

the founder of Excel Dynamic Solutions (Pty) Ltd (www.edsnamibia.com), Reg. No. 2019/0817, a company focused on developing modern sustainable tools for discovery and management of natural resources and finding lasting solutions to environmental health and community empowerment. The team comprised of young geologists, environmental consultants, software developers and project managers. Since the establishment of startup consulting firm in 2015, and under his leadership, the company has worked with renowned organizations in Namibia, Zimbabwe, South Africa, Zambia and Germany on projects of national magnitude. The company also managed to offer job opportunities and internships to more than 30 graduates and students, thus promoting skills transfer. He is also a founding member of other entities, including Minerals Africa Development Institution (MADI) Limited, which is registered in Uganda and has a representation in all five sub-regions in Africa. Outside the business, Nerson co-founded an organization that has interest in climate change, youth empowerment and leadership development in the area of natural resource management, environmental safety and sustainability. He volunteers to train small scale miners in Namibia on mining methods, environmental compliance law and business proposals writing for funding. As a trained Climate Reality Leader and Country Representative for three climate change and world health global organizations (namely: Climate Reality Project, Team 54 Project and World Health Innovation Summit “WHISAfrica” Initiative), he spends time raising awareness about climate change and its solutions. Nerson is currently offering business mentorship to other African entrepreneurs through the Tony Elumelu Foundation Entrepreneurship Programme. He is a co-opted member of the Geoscience Council of Namibia and serve on a committee within the Namibia Chamber of Commerce and Industry (NCCI) that is responsible for the mining sector. His business ambition was recognized by many local and continental institutions and in the 5 years of running a consulting firm, he received several business leadership awards.
