PROJECT: ENVIRONMENTAL IMPACT ASSESSMENT – CONSTRUCTION OF A TELECOMMUNICATIONS TOWER IN REHOBOTH BLOCK D- HARDAP REGION

ATT: Louwna Swartz

Dear Sir/ Madam

The proponent, Powercom Pty Ltd specializing in ICT infrastructure and equipment provider through the construction of telecommunications towers to provide network coverage and services to clients, is currently spearheading the establishment of a telecommunications Tower as follows:

Site	Geo reference	Region
Block D (Echo Area) Rehoboth	23°19'50.96"S 17°04'10.29"E	Hardap

It is against the above an environmental Impact Assessment and clearance from the Environmental Commissioner is required through an Environmental Clearance Certificate before the telecommunication tower can be established. In this respect, you have been identified as an immediate neighbor to where the tower is being proposed to be established. As per the requirements of the Environmental Management Act (Act No. 7 of 2007), D&P Engineers and Environmental Consultants, hereby requests your comments, opinion, and consent for the erection of the tower.

We have attached the tower designs and coordinates for the proposed site.

We will appreciate your contribution to the study of the above-mentioned project.

Yours faithfully,

Adiel Mudzanapabwe (EAP)

Table 1: Site Breakdown

1	Block D (Echo Area) Rehoboth	Hardap	23°19'50.96" S 17°04'10.29" E	- The site is located on a open highly elevated outside Block D's residential area - The site is 300m away from the away from the nearest resident. - No other buildings were sighted close to the site - Limited exposure to non-ionizing radiation is expected because the tower is not in proximity to residential homesteads.	 The proposed site is outside Ext 6 Residential area. All neighbours were notified/ consulted and are more than 50 meters away from the tower
