Dear Sir / Madam

Subject: Response to Proposed Telecommunication Tower Installation at Divundu

With reference to your correspondence regarding the proposed establishment of a telecommunication tower at Divundu, this letter serves to confirm that Rukonga Vision School, as the immediate occupier of the identified land, has no objection to the proposed development.

We fully support the initiative, as the area, including the school premises, currently experiences very poor network connectivity. The installation of the tower will greatly enhance communication, facilitate effective teaching and learning through improved digital access, and benefit the broader community.

We therefore endorse and welcome the proposal for the installation of the telecommunication tower.

Yours Faithfully

Mr Peter W Kudumo
Principal (RVS)
