to Albertina

Good morning Albertina

I trust you are well. Please allow me to thank you for the layout plan.

After considering the site proposed to construct the network tower on Ext 6, we would like to inform the following owners (if allocated yet) of ERF 2103, 2104, 2105 and 2106. If not yet allocated, we do not have an option than to notify the developer as suggested earlier.

I will be glad to hear from you soon.

Kind Regards

Talent Nyungu

Request for Contact Details of Adjacent Property Owners – Erf 2426, Nkurenkuru Extension 6

Inbox

A

Albertina Mwavinange Shatiwa

Wed, Oct 8,
3:49 AM

to Paulus, Oswald, me

Dear Paulus

Mr. Talent Nyungu, copied in this email, is conducting an Environmental Impact Assessment (EIA) for the proposed construction of a network tower on Erf 2426, Nkurenkuru Extension 6, which is zoned as Public Open Space.

In line with the EIA process requirements, he is seeking the contact details (cell phone numbers or email addresses) of the owners of the erven listed below, as they are regarded as adjacent neighbors. This will enable him to formally inform them about the ongoing EIA process.

Thank you for your assistance.

**Erf 2103
INNOCENT HAINGURA**

**Erf 2104
POWER ELECTRICAL & CONSTRUCTION**

**Erf 2105
TURNSTILE INVESTMENT PTY LTD**

**Erf 2106
TURNSTILE INVESTMENT PTY LTD**

to Albertina, Oswald, me

Dear Albertina

No Title Deed yet for those owners, Some are still looking for funds so legally they are not theirs yet so they cannot be consulted for this purpose. Those plots currently belong to the Town Council.

Kind Regards

Talent Nyungu <tnyungu@gmail.com>

to Paulus, Albertina, Oswald

Well noted Mr Paulus, I will formally consult the Town council in that regards.

Thank you for your prompt response.

Regards
Talent
