NOTICE: REZONING OF ERF 155 KARIBIB

A notice is hereby given in terms of Section 107 of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018) that **Namland Town and Regional Planning & Environmental Management Consultants**, on behalf of the prospective owner of **erf 155, Karibib** intends to apply to the Karibib Town Council and subsequently to the Urban and Regional Planning for:

- **Rezoning of Erf 155, Karibib Proper from "Undetermined" to "General Business" with a bulk of 2.0.**
- **Subdivision of Erf 155 Karibib proper into erf 155A, 155B and 155C**

The application will allow the prospective owner to construct a shopping complex in accordance with the requirements of the Karibib Zoning Scheme.

Note that the locality plan of the erf lies for inspection on the Town Planning Notice Board at Karibib Town Council Office.

Further take note that any person objecting to the proposed use of land set out above may lodge such objection, together with the grounds therefore, with the Karibib Town Council and with the applicant in writing within 14 days after the appearance of the last notice (final date for objections is **25 April 2025**).

NOTICE OF INTENTION TO ESTABLISH TOWNSHIPS & CALL FOR PUBLIC PARTICIPATION

TOWNSHIP ESTABLISHMENT APPLICATIONS

Urban Dynamics Africa (Pty) Ltd. (UDA) intends to apply to the relevant local authorities and the Urban and Regional Planning Board for consent to establish seven (7) new townships:

Project Location	Proponent
Erf 91 of Ongwa Proper and Ptn 9 Of Ongwa Town and Townlands No.1309	Oshana Regional Council
Ptn 96 of the Rem.	

1. Application Details

Namland Town and Regional Planning & Environmental Management Consultants has been appointed by the owner of Erf 155 Karibib Proper. The evidence is within the power of attorney (See annexure A) granted by the owner, to the firm, for all planning related matters of the erf.

Hence this document serves as an application on behalf of our client, for the following: In respect of the Urban and Regional Planning Act No. 5 of 2018, Section 105

- **Rezoning of Erf 155, Karibib Proper from “Undetermined” to “General Business” with a bulk of 2.0.**
- **Subdivision of Erf 155 Karibib proper into erf 155A, 155B and Reminder (See annexure B)**
- **Consent to start with the construction of the development whilst the rezoning process is ongoing.**

Furthermore, this application will undergo a comprehensive review by the council, as mandated by the Urban and Regional Planning Act No. 5 of 2018. This process is essential for our office to secure the necessary approval from the Urban and Regional Planning Board.

2. Site Details

2.1 Property Description:

Erf 155 is situated on B2 roads located next to the Police Station opposite the Marble factory across the road). This expansive plot offers panoramic views of the surrounding.

2.2 Size:

Erf 155 has an area of 1 Hacter

2.3 Ownership:

Erf 155 is currently owned by **Mr Genshui Kang** (See annexure C Deed of Sale) and falls under the jurisdiction of the **Karibib Town Council**.

2.4 Location:

The land is situated south of the Namibia Police Station, marking the southernmost point along B2 roads that lead to the coastline. (See annexure D Locality map)

2.5 Zoning:

Erf 155 is currently zoned as "undetermined " according to the Karibib Zoning Scheme. (See annexure E Current zoning map)

2.6 Current & Surrounding Land Uses:

The proposed erf is along the southern Karibib proper next Namibia Police Station , directly bordering the Reminder of 155. It is currently undeveloped, featuring rocky terrain with no existing structures and an untouched natural landscape.

To the north and northeast, the site borders B2 main road, a planned residential neighbourhood with formally subdivided erven, some developed and others vacant. The township extension boundary, marked in blue on the locality map, separates this residential area from the proposed erf.

To the west and south is the road that lead to Navachab Gold Mine, while to the east, a small sandy area transitions between the residential zone and the agricultural plots

2.7 Access

The proposed site can be accessed primarily via B2 road, which extends from the existing residential area and passes through the site's boundary. B2 roads functions as a collector road, facilitating movement between the residential zones and the coastline, ensuring connectivity to Karibib's broader road network. Additionally, The road to the mine located south of the site, provides access to key facilities such as the agricultural plots and links to other internal roads within Karibib. These roads enhance accessibility to the site and support potential future development.

2.8 Municipal services

The proposed site is largely undeveloped, with minimal to no existing bulk infrastructure. Essential services such as electricity and water supply would need to be extended to support any future development. The nearest electrical connection, a 400V underground line, is located nearby and would require an extension to the site. Similarly, the water supply connection point is situated towards the east, necessitating the development of new bulk services to ensure adequate provision of potable water

2.9 Topography

The site is relatively flat with small bushes

3. Title Deed/ Registration Conditions

An examination of the Title Deed for Erf 155 reveals no restrictive conditions that would impede the proposed rezoning of the erf, which falls under the jurisdiction of the KaribibTown Council, assigned land rights to Mr **Genshui Kang**. With the approval of the proposed rezoning, the current conditions stated by the title deed will be nullified. (See annexure C Title Deed)

4. Proposed Development

The proposed development involves the rezoning of Erf 155, Karibib Proper, from "Undetermined" to "General Business" with a bulk factor of 2.0, as well as the subdivision of the erf into Erf 155A, Erf 155B, and the Remainder.

5. Need and Desirability Assessment/Motivation

The primary motivation for this proposal is to unlock the development potential of the land, which is currently underutilized due to its undetermined zoning status. Rezoning to “General Business” will allow for a broader range of commercial activities, attracting investment and stimulating economic growth in the area. Furthermore, the subdivision of the erf into smaller, more manageable portions will support phased development, improve land management, and enhance accessibility for different business uses or ownership models. This initiative is aligned with the broader goal of promoting urban development and maximizing the economic value of strategically located land within Karibib.

6. Conditions to be Registered

6.1 Bulk Factor (Floor Area Ratio - FAR)

- Bulk Factor of 2.0
- A **bulk factor of 2.0** means the **total floor area** of the building(s) on the erf may be up to **twice the area of the erf**.

6.2 Coverage:

- 60 -70% Coverage
- This ensures that a portion of the land remains available for landscaping, parking, and supporting infrastructure, promoting both functionality and aesthetic appeal.

6.3 Building Height:

- According to the Karibib Town Planning Schemes, the Maximum height can go up to 6m high

6.4 Setbacks:

- **Front:** 5m – 10m to maintain an aesthetically appealing entrance and public space.
- **Side and Rear:** 3m – 5m to ensure adequate circulation, privacy, and integration with adjacent land uses.

6.5 Parking

Parking will be provided in accordance with the requirements of the **Lüderitz** Town Planning Scheme.

7. Public Consultation Procedures

The public consultation for the proposed **rezoning and development of Erf 155, Karibib** was conducted in accordance with **Section 107 of the Urban and Regional Planning Act, 2018 (Act No. 5 of 2018)** and the Karibib Town Council's public consultation policy. Notices were published in **The Namibian and New Era newspapers** on **the 30th of April 2025**, inviting the public to submit objections by **14th May 2025**. Additionally, notices were placed at

the **Karibib Town Council offices**, on the **Town Planning Notice Board**, and at the site itself to ensure visibility to all affected parties.

8. Conclusion and Recommendations

The proposed rezoning and subdivision of Erf 155, Karibib Proper, present a valuable opportunity to optimize land use and support economic development within the town. By rezoning the property from “Undetermined” to “General Business” with a bulk factor of 2.0, the land will be unlocked for a variety of commercial uses, encouraging investment and job creation. The subdivision into Erf 155A, 155B, and the Remainder allows for more flexible planning and phased development, making the property more manageable and appealing to potential developers or investors. Overall, the proposal aligns with the town’s growth objectives and contributes positively to urban planning efforts by promoting efficient land utilization, economic diversification, and improved access to services and amenities in Karibib. We trust that the above application is in order for evaluation and that the supporting evidence provided is sufficient for approval.

Recommendations

- **Karibib Town Council** should approve the **rezoning** and **Subdivision of Erf 155**
- **Bulk infrastructure** (water, electricity, sewage) must be prioritized for the development, ensuring **sustainability** and long-term service provision.
- **Road infrastructure** should be **upgraded or extended** to enhance **accessibility** and **reduce traffic congestion**, incorporating **on-site parking** to meet requirements.
- The construction of **On-site parking**

Yours faithfully,

David Shikoyeni

Town Planner in Training (NCPRP) (Msc.URP, BSc. Honours Sp, M.Sc. EM)

I **Jane Gold** , Registration Number **011** hereby verified the application for rezoning and subdivision of Erf 155, Karibib Proper, have been checked and certified by me as Professional Town Planner and mentor of David Shikoyeni registered as Town Planner in Training and Registered Number: **TPT1282019**
