

Northern women break bricklaying wall

■ Victoria Immanuel

Two young women, who ventured into the brickmaking industry, say men-domination does not exist in the dictionary.

Gloria Munapito and Wilhemine Thomas from the Omusati region recently concluded a two-week training course in bricklaying under the MTC 4Life project.

"Bricklaying has, for a long time, been viewed as a man's world," said Munapito, who is planning to establish her own brick manufacturing plant soon in her community.

The training did not break her back, as she had already been making bricks at home.

Growing up among males shaped her worldview.

"Our communities think there are occupations, including brickmaking, reserved for men. To me, that is daydreaming. Women can do any occupation thought to be male-dominated if they decide to do so," Munapito told this publication.

"Being the only two females on the training course, you get very competitive with all the males. We want ours to be the best," Thomas said with a chuckle.

She has always had a passion for bricklaying.

As such, when the opportunity for training came knocking, she grabbed it with both hands.

"There are not many females in the construction industry, and I know we can excel. So I thought let's give it a try. There are so many women in beauty and other courses, and I am not a typical girly girl," she said.

Like Munapito, Thomas has always had a special relationship with brickmaking, which is "something I have always wanted to do".

Connection

The two women then expressed gratitude to MTC for granting them the opportunity to change their lives and those of others.

The MTC 4Life is a socio-economic undertaking seeking to tackle poverty by mitigating youth unemployment through empowering Namibians to become self-employed within the SME sector.

The project aims to achieve this by providing training and upscaling young people to gain practical and entrepreneurial skills in animation, barbering, makeup, nail technology, hairdressing, catering, sewing, baking and manufacturing.

According to MTC's spokesperson Erasmus Nekundi, this year, the project focused on the Otjozondjupa, Kunene, Omusati, Kavango East and Kavango West regions.

This year's project empowered 40 young individuals from the five regions.

In contrast, last year's applicants were from all 14 regions of the country.

He added that each candidate will receive a toolkit and a capital of N\$5 000.

This, he said, is to help them start their businesses immediately after training. "The idea is to equip them to become self-employed citizens, who will employ others later when their businesses grow," said Nekundi.

The training was conducted by professionals from the chosen fields. vkaapanda@necp.com.na

LPM lashes Swapo over 'tearing' cards

■ Steven Klukowski

KEETMANSHOOP - The Landless People's Movement (LPM) is dismayed by widely circulated footage in which a member of the ruling party is seen destroying LPM membership cards.

In a strongly-worded statement on Monday, LPM national spokesperson Lilalaza Simataa expressed shock following a video circulating, where Swapo Rehoboth town councillor Mara Beukes is seen campaigning with torn-up LPM membership cards over the weekend.

"We believe these are dangerous, underhanded and primitive tactics that cannot be tolerated, and that cannot be allowed to go unaddressed by the Electoral Commission of Namibia," he said.

According to the LPM spokesman, Beukes not only destroyed the assets of another political party, but also occupies a leadership role, and her actions cannot be taken at face value.

"She is further setting a bad stance that can inspire the public to engage in such destructive acts. This is a bad precedent to set, moving into the registration and election seasons of the country. It is vital that we promote a non-destructive form of campaigning to ensure democracy is experienced to its full extent," Simataa worriedly stated. He reiterated: "This should not be encouraged or tolerated, especially from members of the ruling party, who have a massive but dwindling following".

He then called on Swapo leaders to be exemplary by ensuring a peaceful electoral campaign period as parties move the country's length and breadth, canvassing for support ahead of November's Presidential and National Assembly elections.

Additionally, LPM youth leader Duminga Ndala took to social media to register her consternation.

"If there is anything threatening our peace and stability, it is definitely Swapo, a barbaric act from a leader," the outspoken Ndala said.

In the video, Beukes can be heard informing youth members that Swapo is the only party that can provide opportunities for them to participate on "sports grounds belonging to the government, unlike the Windmill Party".

"LPM will confuse and mislead you, while all that should matter to you must be Swapo," she is heard saying.

Swapo's Hardap regional coordinator Joplin Gontes was not available for comment at the time of going to press yesterday.

Meanwhile, Swapo spokesperson Hilma Nikanor threw the ball back in Gontes' court, as the person "on the ground".

"Be as it may, it is rather tricky to comment on social media posts from participating political parties during these periods of nearing the registration of voters and upcoming elections prior to verifying the authenticity of it accordingly," a cautious Nikanor said. sklukowski@necp.com.na

UPBEAT ... Phillip Seidler has his sights set on an improved showing at the Paris Olympics

• JOHN TUERIJAMA

NAMIBIA'S Olympian Phillip Seidler will not relocate abroad to prepare for the Paris Games but plans to make a splash on the global sport's biggest stage.

The Swakopmund-born open water swimmer secured his place at the 2024 Olympic Games at a qualifier in Doha, Qatar, earlier this year and has since focused on preparing to improve on his previous best at the competition.

Speaking to Desert Radio earlier this week, Seidler, who is trained by his mother, Nadja Seidler, said his training is focused on speed, endurance, and the aid of his coach, Helmut Seidler and a female Russian expert.

"We are working super hard to make the upcoming Olympic Games a huge success and represent Namibia proudly," the nation's

The 26-year-old would not be headed to a second Olympic Games had he not been persuaded to come out of retirement after capturing gold in the 2023 African Beach Games 5km open water swim.

What made the win more noteworthy was that he went into that competition without a formal training camp and was not aiming for the podium.

"My family, including the Namibia National Olympic Committee (NOC), held a serious meeting and decided to talk to me because they wanted to discuss the possibility of me coming out of retirement to try and qualify for the Olympic Games in Doha," said Seidler, who is philosophical about his journey to Paris.

"In life, you won't achieve much unless you are brave enough to

take the chance. So, I was brave enough and took the chance, which resulted in me qualifying for the Olympic Games."

Seidler said his objective in Paris is not about swimming a full mile but "eyeing an improved finish."

"For Namibia, the biggest achievement is not always the medals, but the participation. That, even athletes with limited resources can reach the pinnacle of sport, which is the Olympic Games," said Seidler.

"Personally, a lot has changed in order to achieve this goal of mine. At the last Olympic Games, I was just a kid and now I am actually a full-grown man in my prime with a lot of experience. It means my body is at its best," he said.

"A lot of adjustment has taken shape when looking at speed and I am already in great shape. Mentally, I am very strong."

• JOHN TUERIJAMA

THEY are a jack of all trades is a master of none, but the youngest netball player in the Ombaheke region has risen to the occasion to debunk this assertion.

Not only is 16-year-old Hlutheni Kahukeni, affectionately known as Golden, a celebrated netball player in school and national circles, she has pulled off similar feats in tennis in which she has been collecting silverware since 2017.

Born and bred in Windhoek, but with roots that extend as far as Erindi ro 'Ukamba in the Otjomene constituency of the Ombaheke region, Golden also excels academically as a Grade 10 pupil at Windhoek High School.

She plays for Wanderers Club in the national netball first division and shone the limelight on her team, fine Young Stars netball club, when they clinched the Ombaheke Club Top 20 Netball Cup at the Khomasdal Stadium recently.

The soft spoken teen also managed to scoop the coveted youngest and promising player of the tournament awards. However, the modest athlete downplays her rise to prominence, preferring to focus on the collective.

"It was an exciting team effort. Everyone brought their A-game

which enabled us to overpower the competition. But all in all, I am happy that I played a major part in the victory of my team and even scooped some silverware to show for it," Golden told *The Namibian* on Wednesday.

Her father, Her Kahuikwe, could not contain his joy when he spoke to Desert Road recently about the rising star.

"I am grateful to God and I am going to do everything in my power to ensure that my daughter excels exponentially in whatever decision she takes with regard to her eventual choice of sport. Right now her primary objective is to graduate from high school," he said.

"You know education is vital and even though she is multitalented, it is important to shape her educationally to be a productive citizen," he said.

Golden's father walked away with the player of the match prize in the semi-final encounter against arch-rivals Monokwe. Fine Young Stars eventually clinched tournament honours after beating Eastern Swallows in the finals.

Her starring feat comes fresh after representing Windhoek High School's under-17 and senior teams at the recent schools tournament in Pretoria, South Africa, and the inter-schools competition against Windhoek Gymnasium.

PROUD FATHER

Golden attributes her success in sport to the involvement of her father, who was a lethal striker in his heyday when he turned out for Young Hungry Lions, Young Stars of Okahandja and Hungry Lions.

He said the quest to help Golden become a formidable sportswoman has not been without its share of challenges.

"Firstly, she started off with tennis, which is a sport code primarily played by kids in the affluent suburbs. As such, there were no facilities in Katutura where she could practise," he said.

"The second stumbling block is the issue of sponsorships, which as we know, are very hard to come by in Namibia."

Other than being a natural athlete, Golden stands out for her hard work and commitment, said her father.

"Recognising our children's talents and making sure that they are nurtured is another way through which we can empower them. Sadly though, this is something that not all parents, particularly those from previously disadvantaged communities like ours, believe in," said the proud father, who hardly misses his daughter's games or practice sessions.

Katima Rural tired of empty promises

■ Albertina Nakale

RESIDENTS of Katima Mulilo Rural constituency have expressed their displeasure over the delay in the construction of the Bukalo-Muyako-Ibbu-Ngoma road.

The aggrieved community, which last week staged a peaceful demonstration, is concerned that the delayed road development that was promised to them over a decade ago remains a mirage.

On behalf of the community of Muyako and the Katima Mulilo Rural constituency, Induna Michael Kawana of Iseke village addressed the concerns regarding the slow pace of the road.

The community feels that while their constituency is the second largest in terms of population after Katima Mulilo Urban, it remains the least developed compared to all the other constituencies in the Zambezi region.

"In 2020, during election campaigns, the honourable councillor [Warden Simushi] on many occasions and in various places talked about all the developments that were to be seen in the constituency. One of these was the development of the Bukalo-Muyako-Ibbu-Ngoma road, which was upgraded to a tarred road. The tender was released on 3 December 2020, and the process would have been completed by now," Kawana charged.

Attempts to get comment from Simushi have been fruitless since Monday.

The community claims they have not been informed of progress and implementation since the tender process for the design was concluded. United, the community said the lack of progress regarding the road's construction has angered them.

"If we fail to reach a compromise on when the project can be implemented, as a community, we regret the action that our community members may resort to," they threatened. The community has since formed a committee that engaged Katima

Snail's pace... The Katima Mulilo Rural residents are unhappy with delays in the construction of the Bukalo-Muyako-Ibbu-Ngoma road.

Rural councillor Simushi regarding the road. That meeting yielded nothing.

After the unfavourable response from the office of the councillor, the committee said they further wrote a letter to the works and transport minister, Deputy Prime Minister John Mutorwa, calling for his intervention.

"The honourable minister's response directed the committee back to the honourable councillor's office to respond to our enquiry and directed the Roads Authority to provide an update to the community regarding the status of the construction project. The community has not received any response from either the councillor's office or the Roads Authority," Kawana said.

They said it is a fact that the constituency is strategic, with the potential to become a great economic hub for the region.

"It is on this road that you find Lake

Lyambezi, which is a great source of fishing activities and rich land for cultivation. This is also where we find large deposits of quality gravel in the whole region. It has a large conservation area with potential for tourism activities," the headman said.

Other benefits of the constituency include that it borders Botswana, with long-term plans to bring another dedicated port of entry between Muyako and Mahundu areas from Satao in Botswana.

It also connects more than seven government schools and clinics.

"Improving the road infrastructure improves accessibility and the livelihood of the inhabitants of Katima Mulilo Rural," he said. Residents likewise bemoaned water scarcity in the constituency.

They said that in 2013, the water ministry said the completion of the N\$35 million Katima Mulilo/Ngoma water pipeline would

bring relief to most of them.

At the time, Mutorwa said the project was to be completed by 2015 across constituencies in the Zambezi region.

According to Kawana, the community is suffering.

He said Muyako was earmarked for construction of a desalination borehole to make water challenges a thing of the past.

"This is currently a ghost project. Nothing is happening. We are tired of promises and empty words without action. As a community, we demand action. We will not accept empty promises from politicians anymore because they now want our votes since elections are approaching. They must act now. We are unhappy. We want our road to be tarred, and accessible drinking water for the whole constituency. The community petitioned."

MTC Volleyball National League Launched

Three months after securing an MTC NS3million sponsorship deal, the Namibian Volley Federation (NVF) has on Saturday 11 May launched the first ever MTC Volleyball National League in Windhoek.

Sitting with the mandate to administer, manage, and coordinate the league, and receiving an injection aid of NS1 million annually for the next three years, NVF, is entrusted with the responsibility to grow and transform the league into a top-tier professional league in the country. Giving an overview of the league, Namibia Volleyball Federation President, Hillary Dux Imbwa enthused that the launch signifies a new era and genesis of growth and development for volleyball as a sport in Namibia.

"The MTC Volleyball National League stands as a pinnacle of excellence in Namibian volleyball, bringing together the finest talents from across the nation to compete in a spirited display of athleticism and sportsmanship. With 8 male and 8 female teams representing various regions, this league promises to showcase the diversity and vibrancy of Namibian volleyball. Importantly, this initiative aligns seamlessly with the strategic vision outlined in the Namibia Volleyball Federation's current strategic plan, reinforcing our commitment to advancing the sport at all levels."

Imbwa added that "the league will traverse through multiple towns, including Katima Mulilo, Rundu, Ondangwa, Otjiwarongo, Swakopmund, Mariental, and culminating in the capital city, Windhoek. This extensive reach ensures that volleyball enthusiasts from all corners of the country will have the opportunity to witness top-tier competition firsthand, fostering a deeper sense of community and engagement."

In the remarks delivered on his behalf, MTC's Chief Human Capital, Corporate Affairs and Marketing Officer, Tim Ekandjo commended the leadership on the MTC Volleyball League for the invaluable work to ensure that the league kicks off in record time of receiving the sponsorship.

"We recognize and commend the work done by the NVF leadership to get us here. Additionally, I want to remind the leadership and the players how this sponsorship came about. It was because of the sheer commitment and passion displayed by the players for the love of Volleyball even when they knew they played for as little as NS1 500 as prize monies at the end of the season and covering all expenses themselves."

"This is the same passion that we want to see throughout this league even now that MTC is onboard. That fire must continue to burn as this

league commence today with 8 women teams and 8 male teams representing the very best of Namibian volleyball." Ekandjo urged NVF and players to play their parts in making the league attractive. "Have a good marketing strategy, stay committed to your craft, remain professional and always protect your brand. The MTC team will be there to assist you every step of the way, but you must bring your part by protecting the integrity of the league through fairness and transparency. We are excited to walk this journey with you, hope-

fully for the next 3 years. We will evaluate the performance of this league on an annual basis and if it does not deliver, we will help you deliver." Deputy Director in the Ministry of Sport, Jo-Anne Manuel congratulated NVF and promised her office's support to the federation. Manuel urged for sound leadership and accountability, and professionalism for the sport while commending MTC for extending a hand for the launch of the MTC Volleyball national League in the country.
