Dear Madam,

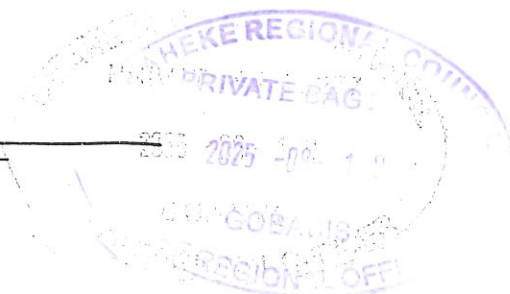

**RE: Approval of Architect Plans for Application for Licence of Marvellous Development and Investment CC**

The Omaheke Regional Council received a set of plans for approval from the above mentioned company. The plans were looked at and with minor adjustments they can be used to apply for a license as per letter dated 02 April 2025 where the company got an extension on their letter of intention to apply for a license to be a fuel distributor.

The errors found would not impede the primary application and therefore we approved the architect plans as submitted. Marvellous Development and Investment CC can therefore proceed to apply for a licence from your Ministry. A full set of Engineering plans should however also be submitted before construction started.

Yours Sincerely

  
Mr. Pecka Semba  
Chief Regional Officer
