Subject: Consent Letter from the Ondangwa Town Council for the continuous operations of the bulk liquid fuel storage and handling facility on Erf 1213, Ondangwa, Extension No. 3, Oshana Region

Dear Mrs Rachel Naukushu and Mr Wilhem Shepya

I trust that this email finds you well.

Green Earth Environmental Consultants have been appointed by Bachmus Oil & Fuel Supplies (Pty) Ltd (the Proponent) to attend to and complete an Environmental Scoping and Environmental Management Plan (EMP) to obtain an Environmental Clearance Certificate as per the requirements of the Environmental Management Act (No. 7 of 2007) and the Environmental Impact Assessment Regulations (GN 30 in GG 4878 of 6 February 2012) for the continuous operations of the bulk liquid fuel storage and handling facility on Erf 1213, Ondangwa, Extension No. 3, Oshana Region.

To be able to submit the EIA and EMP to the MEFT for the evaluation and to issue an ECC, **a consent/confirmation letter** is required from Ondangwa Town Council, who is the competent authority. See attached a letter which we drafted, for your convenience and use for this purpose, which you can amend (if required) and print on Council's Letterhead for signature if you are in agreement of providing the consent.

Thank you in advance.

We are looking forward to your response in this regard.

Kind regards

Carien
