RE: Submission of Draft EIA and EMP for Otjikoto Gold Mine Environmental Clearance Certificate Amendment – Antelope Project – Authorities Review

Dear Mr. Nghitila,

SLR Environmental Consulting Namibia (Pty) Ltd, on behalf of B2Gold Namibia (Pty) Ltd, hereby submits the Draft Environmental Impact Assessment (EIA) Report and Environmental Management Plan (EMP) for the Otjikoto Gold Mine Environmental Clearance Certificate Amendment – Antelope Project. This submission is made in accordance with the direct instruction from the Department of Environmental Affairs (DEA), prior to the documents being circulated for public comment by the consultant.

This submission is made in light of the following directive:

- The MEFT has indicated a preference for simultaneous submission of all related ECC amendment reports under B2Gold's profile, including the Tailings Storage Facility (TSF) Extension EIA and EMP amendment currently being finalized by Knight Piésold.

Proposed Process to follow submission of draft reports:

- SLR will submit the draft EIA and EMP to MEFT, MAWFLR and MIME for review.
- MEFT will publish the documents on its official website for public review and comment, in accordance with Section 3(2)(k) and Section 32 of the Environmental Management Act, 2007, and Regulations 12–17 and 23 of the Environmental Impact Assessment Regulations (Government Notice No. 30 of 2012).
- SLR will circulate the draft reports to all registered Interested and Affected Parties (IAPs) for public comments and append the Comment and Responses Report to on the MEFT portal for MEFT's consideration.

We believe this approach satisfies the intent of public participation as required under the Act while addressing the practical need for coordinated submission.

We kindly request a formal stamp of approval from your office confirming acceptance of this process.

Please do not hesitate to contact us should you require any additional information or clarification.

Regards,

SLR Environmental Consulting (Namibia) (Proprietary) Limited
