Namibia Hosts Regional Training on Chemical Weapons Emergency Response

Patemoshela Lukolo

Namibia is hosting the 2025 Integrated Advanced Course and Exercise on Assistance and Protection Against Chemical Weapons for Anglophone States Parties in Africa.

The week-long training opened on Monday at the Seaside Hotel & Spa in Swakopmund and is organised by the Organisation for the Prohibition of Chemical Weapons (OPCW) in partnership with the Namibian government.

The opening ceremony was attended by Deputy Minister of Industries, Mines and Energy, Gaudentia Kröhne, who delivered the keynote address, alongside OPCW representative Babatunde Olowookere.

Also present were Diina Nashidengo, Chairperson of the Namibia National Authority and Director of Commerce, officials from the Ministry of Industries, Mines and Energy, and participants from across Africa.

Kröhne noted the 2023 confirmation by the OPCW of the destruction of all declared chemical weapons stockpiles, achieved 26 years after the Chemical Weapons Convention entered into force.

She said this demonstrated the importance of cooperation, vigilance, and preparedness.

"In hosting this course once again, Namibia continues to demonstrate its commitment to regional preparedness and international peace," Kröhne said. She added that Namibia previously hosted the training in Swakopmund in 2022 and in Windhoek in 2024.

Olowookere commended Namibia's role as a partner of the OPCW and thanked the Ministry of Industries, Mines, and Energy for co-organising the programme.

He said that after the destruction of stockpiles in 2023, the OPCW has shifted focus to preventing re-emergence and to strengthening cooperation, with special attention to Africa.

"The OPCW provides Member States with expert guidance, technical support, and essential resources to safeguard their populations against chemical weapons threats," Olowookere said.

He explained that the course is part of the 2024–2025 regional cycle under the Assistance and Protection Programme.

Over the next five days, participants will train in personal protection, detection and sampling, decontamination, operational readiness, and zone management during emergencies. Instructors from Kenya, Namibia, Uganda, Tanzania, and Zambia will conduct the sessions.

Both Kröhne and Olowookere encouraged participants to apply the lessons in their home institutions and to contribute to the implementation of Article X of the Chemical Weapons Convention.

Dear Lawrence

According to your attached BID, the time has come and gone.

Please send an updated plan so that I&APs may know that their rights are not being ignored.

"7. REGISTRATION AS AN I&AP

Registering as an Interested or Affected Party (I&AP) affords you an opportunity to be updated about the project and comment on the project, throughout the EIA process. All registered I&AP's will be provided with the draft scoping and EMP reports.

Your comments and questions are important, will add value to the EIA and will ensure that information that may not be available to the consultant is considered (e.g. past experience, local knowledge etc.).

To register or provide comments about the proposed project, please send an e-mail to: eap.trigen@gmail.com. You can also use the attached I&AP registration/comment form, which can be emailed to the above address, sent to P. O. BOX 25874, Windhoek. The deadline for submission of comments is **15 September 2025**. All registered I&AP's will be provided with the draft scoping and EMP reports."

Dear Mr. Mufeti

SUBJECT: PROOF RECORD OF HE MINUTES OF ANY MEETING HELD IN RESPECT TO THE APPLICATION FOR ENVIRONMENTAL CLEARANCE FOR EPL 9722

As may be evident on the list of registered Interested and Affected party provided as part of the stakeholder engagement process, an attempt to reach out to the commercial farmers through farmers associations / unions as access to individual farmers was difficult, proved futile as on the Namibian Agricultural Union responded suggesting the use of the deeds office to obtained farmers contacts ((see response attached) this approach has on several occasions tried, failed).

We trust that these consents letter serve a s sufficient confirmation of the said meeting in the absence of meeting minutes, noting that the application is also is for an EPL situated within the commercial farming tenure system.
