PUBLIC NOTICE

Take note that HARMONIC TOWN PLANNING CONSULTANTS CC, Town and Regional Planners, on behalf of the owner of the respective Erf, intends to apply to the Swakopmund Municipality and the Urban and Regional Planning Board for the:

- Rezoning of Erf No. 2279 Turmain Street, Swakopmund (Extension 8), from "Single Residential" with a density of 1:900 to "General Residential Z" with a density of 1:250; and
- Consent to commence with the proposed development while the rezoning is in progress.

Erf 2279 Turmain Street (Extension 8) measures 11000m² in extent and is zoned "Single Residential" with a density of 1:900 as per the Swakopmund Zoning Scheme. It is located in Turmain Street, Vineta (Extension 8). The owners intend to rezone Erf 2279 to accommodate more rental units to provide rental accommodation that is in line with the Swakopmund Municipality's regulations. The proposed rezoning will allow the owner to accommodate additional units on the Erf thus, optimizing the use of the Erf to its full potential and catering to the housing demand in Swakopmund.

Sufficient parking for the development will be provided in accordance with the requirements of the Swakopmund Zoning Scheme. The locality plan of the Erf lies for inspection on the town planning notice board at the Swakopmund Municipality and at Harmonic Town Planning Offices, 768 Pasteur Street, Windhoek West.

Any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the Swakopmund Municipality and with the Applicant in writing within 14 days of the last publication of this notice (final date for objections is **Thursday, 09 October 2025**).

Namibia Hosts Regional Training on Chemical Weapons Emergency Response

Patemoshela Lukolo

Namibia is hosting the 2025 Integrated Advanced Course and Exercise on Assistance and Protection Against Chemical Weapons for Anglophone States Parties in Africa.

The week-long training opened on Monday at the Seaside Hotel & Spa in Swakopmund and is organised by the Organisation for the Prohibition of Chemical Weapons (OPCW) in partnership with the Namibian government.

The opening ceremony was attended by Deputy Minister of Industries, Mines and Energy, Gaudentia Kröhne, who delivered the keynote address, alongside OPCW representative Babatunde Olowookere.

Also present were Diina Nashidengo, Chairperson of the Namibia National Authority and Director of Commerce, officials from the Ministry of Industries, Mines and Energy, and participants from across Africa.

Kröhne noted the 2023 confirmation by the OPCW of the destruction of all declared chemical weapons stockpiles, achieved 26 years after the Chemical Weapons Convention entered into force.

She said this demonstrated the importance of co-operation, vigilance, and preparedness.

"In hosting this course once again, Namibia continues to demonstrate its commitment to regional preparedness and international peace," Kröhne said. She added that Namibia previously hosted the training in Swakopmund in 2022 and in Windhoek in 2024.

Olowookere commended Namibia's role as a partner of the OPCW and thanked the Ministry of Industries, Mines, and Energy for co-organising the programme.

He said that after the destruction of stockpiles in 2023, the OPCW has shifted focus to preventing re-emergence and to strengthening cooperation, with special attention to Africa.

"The OPCW provides Member States with expert guidance, technical support, and essential resources to safeguard their populations against chemical weapons threats," Olowookere said.

He explained that the course is part of the 2024–2025 regional cycle under the Assistance and Protection Programme.

Over the next five days, participants will train in personnel protection, detection and sampling, decontamination, operational readiness, and zone management during emergencies. Instructors from Kenya, Namibia, Uganda, Tanzania, and Zambia will conduct the sessions.

Both Kröhne and Olowookere encouraged participants to apply the lessons in their home institutions and to contribute to the implementation of Article X of the Chemical Weapons Convention.
