Dear Esteemed Interested & Affected Party,

Na Big Mountain Investment (Pty) Ltd (The Proponent) proposes to undertake prospecting and exploration activities on **Exclusive Prospecting License (EPL) No. 10405 located near Kombat in the Otjozondjupa Region.**

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication.

Please find the attached Background Information Document (BID) the proposed prospecting and exploration activities.

The EPL covers multiple farms, including: Clubhead No. 747, Rietfontein No.44, Nehlen No.1782, Block_6 No.596, Rietfontein 344, Neu Sommerau No. 1359, Naueis No. 1695, Askeveld No.1694, Gross Otavi No. 805, Karlsruhe No.520, Hellertal No.521, Kaiserfelden No.758 and Dammbeck No.511

We would greatly appreciate if the landowners could kindly provide us with their names, farm names, and contact details so that we can register them as Interested and Affected Parties (I&APs).

We are currently working to finalize the date for the stakeholders engagement meeting and will provide further details once this information is available.

Kind regards,
