

Consent or proof of consultation from Conservancy Management

**THE PROPOSED SITE FALLS UNDER THE DOROB NATIONAL PARK AND THERE IS NO
CONSERVANCY.**

**PUBLIC MEETING WAS HELD AND CONSENT LETTER WAS GRANTED BY GOANIKONTES
RESORT, SEE BELOW:**

APPENDIX F: Consent letter from Goanikontes Resort

07 September 2024

To Mr. Frans T. Vatileni

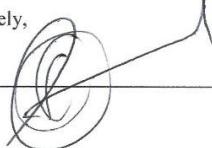

Subject: Consent for Participation in the EIA Process

Dear Mr Vatileni,

I confirm that I have been consulted and given the opportunity to contribute to the Environmental Impact Assessment (EIA) process for the proposed mining of industrial minerals at mining claims number 75286, 75287, 75288 and 75251 in the locality of Goanikontes.

I have no objections to the project, provided that all legal requirements and mitigation measures are followed, and continuous engagement is maintained. I look forward to remaining informed and involved as the project progresses.

Sincerely,

charlbaard822@gmail.com.

~~Only use a different entrance Road
to their mining site.~~
