### **SUBJECT: AUSSENKJER ENERGY INVESTMENTS SOLAR PV POWER PLANTS**

This letter serves to confirm that the Ministry of Mines and Energy (MME), as the custodian of Namibia's energy resources, supports initiatives by capable individuals or companies to engage with stakeholders, seek financial support, and obtain necessary approvals for the development of energy projects that benefit the country's socio-economic landscape.

Aussenkjer Energy Investments, a Namibian-registered company, has ambitions to engage with stakeholders and secure the required support for the development of three (3) photovoltaic power plants at Aussenkehr in the //Karas Region.

MME has no objection to Aussenkjer Energy Investments pursuing these stakeholder engagements and seeking the necessary support and approvals to advance their projects.

Yours Sincerely
