TO WHOM IT MAY CONCERN

This letter is to give authorization for Mr. Tjikunda Katjina Kulunga the permission to contact exploration and mining activities in the area of Ombuku, Omiomire and Ominjandi under the jurisdiction of Chief Kapika.

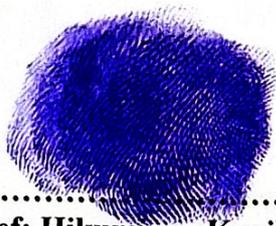

Mr. Kulunga have been given the authorization by the Kapika Traditional Authority and the community of the above villages as his claims **73444**, **73445** and **73446** is claimed in partnership with the youth groups and communities of these above villages.

Given that, the Traditional Authority has given him the right and permission to mine in our areas given the good relationship and opportunities he created for our youths and communities in our areas to own mines rather than only working for others.

We believe that the Ministries or Government and Investors would give him all the necessary assistance to make this good venture a successful one for our many unemployed youths and communities in Epupa and Kunene at large to benefit from their natural resources.

In all, the Traditional Authority is having a share of 10% in all claims if all process bear successful fruits as our standard condition to authorize miners and explores in our areas.

Thank you

.....
Chief: Hikuminue Kapika
