Dear Esteemed Stakeholder,

This email serves to inform you that Excel Dynamic Solutions (Pty) Ltd (the consultant) has been appointed by **Belmont Minerals Exploration & Manschaft Mining and Energy (Pty) Ltd** (the proponent) to act on their behalf in obtaining an Environmental Clearance Certificate (ECC) for the proposed mineral exploration activities on Exclusive Prospecting License (EPL) no. 9987 and 10555 located near Braunfels, in the Kunene region. EPLs overlies the !Khoru !Goreb conservancy and covers the following farms: as shown in the Land use map in the Background Information Documents Attached.

Mineral prospecting and exploration are one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. Furthermore, Section 21 to 24 of the EIA Regulations requires that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested and affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation.

**You have therefore been identified as a potential Interested & Affected Party for this proposed activity, hence why you are receiving this communication.**

Please find the attached BID that comprises of more information of the proposed project

Regards,
