Dear Esteemed Interested & Affected Party,

This email serves to inform you that **Brado Investment cc** (The Proponent) is proposing for the **ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED SMALL SCALE MINING ACTIVITIES ON MINING CLAIMS NO. 76494-76495 LOCATED SOUTH WEST OF TSANDI, OMUSATI REGION.**

All mining related are some of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached **Background Information Document (BID)** for the proposed project. Once the ESA process is completed, a draft ESA Report will be compiled and together with its associated documents/appendices will be shared with you for review and comments before we submit these to the Department of Environmental Affairs (DEA) of the Ministry of Environment and Tourism (MET) for evaluation and consideration of the ECC.

Please note that a Public Consultation meeting is scheduled as follows:

Date: 20 January 2026

Time: 11H00

Venue: Uukwaluudhi Traditional Authority Office

We hope to see you soon.

Kind regards

Ms. Iyaloo Nakale

Dear Esteemed Interested & Affected Party,

This email serves to inform you that **Brado Investment cc** (The Proponent) proposes to establish a Modular Pilot Processing Facility for the recovery of copper metal oxide feedstock in the Kunene Region of Namibia.

Mineral processing is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached **Background Information Document (BID)** for the proposed project. Once the ESA process is completed, a draft ESA Report will be compiled and together with its associated documents/appendices will be shared with you for review and comments before we submit these to the Department of Environmental Affairs (DEA) of the Ministry of Environment and Tourism (MET) for evaluation and consideration of the ECC.

Our team would like to schedule a consultation meeting with your office on the 19th of January 2026 at 12h00. Kindly let us know of your availability.

We hope to see you soon.

Kind regards
