

## **MEETING REPORT**

**Subject:** Request for Permission to Acquire Sand Mining Certificate

**Village:** Emono

**Date:** 02 November 2025

**Venue:** Under the Marula Tree near Emono Church

### **1. Background**

A suggestion was made for the meeting to take place on a Sunday, as most villagers attend church on that day. This arrangement ensured a large turnout for the meeting.

The Headman of Emono Village, Mr. Jason Shikongo, convened the meeting to inform his community about the Uukwambi Traditional Authority's request to acquire a sand mining certificate. The purpose of the sand mining is to obtain materials for the construction of gravel roads within Emono Village.

A total of 43 attendees were present at the meeting, as confirmed by the attendance register attached.

### **2. Attendance**

The meeting was attended by community members of Emono Village and two representatives from the Uukwambi Traditional Authority, namely:

Mr. Timoteus Kalimba

Ms. Maria Angungu

### **3. Proceedings**

The meeting began with an address by Mr. Jason Shikongo, who welcomed everyone and explained the purpose of the gathering. He introduced the representatives from the Uukwambi Traditional Authority and gave them the floor to present their request.

Mr. Timoteus Kalimba elaborated on the need for sand mining, emphasizing that the sand would be utilized for constructing gravel roads to improve accessibility within the village. He also explained the formal procedures involved in applying for a sand mining certificate.

Following his presentation, Ms. Maria Angungu added further details regarding the additional requirements and processes necessary for the application.

During the session, villagers were given an opportunity to ask questions and seek clarifications. All concerns were addressed satisfactorily by the representatives.

#### 4. Resolution

After thorough discussion, all 43 attendees unanimously agreed to grant permission for the Uukwambi Traditional Authority to proceed with the application for the sand mining certificate. The community expressed full support for the initiative, recognizing its potential benefits for local infrastructure development.

#### 5. Conclusion

The meeting was conducted successfully and concluded with a collective agreement to allow sand mining activities for the improvement of Emono Village roads.
