PRO FORMA ENVIRONMENTAL CONTRACT FOR SAND MINING

Village/town	Region	Constituency
EMONO	OSHANA	OKATANA

Environmental Management Act, 2007 (Section 32)

NB: All questions are mandatory and thus must be fully completed, and all proposed sites must be 100 metres away from infrastructure / built-up area

PART 1 A: DETAILS OF APPLICANT

1. Name (person or business): UKWAMBI TRADITIONAL AUTHORITY

2. Business registration/ identity no. _____

3. Correspondence address: P.O. Box 5514, OSHAKATI

4. Name of contact person: CHIEF HERMAN IIPUMBU

5. Position of contact person: 0812686308

6. Telephone or cell phone number: +26465225313

7. Fax number: N/A

8. Email address: ukwambi.traditionalauthority@gmail.com

NB: The completion of this questionnaire is a requirement under Section 20(1) of the Environmental Management Act no. 07 of 2007. Therefore it must be filled in as truthfully and reliably as possible. It must be noted here that the proponent is accountable for any wrong and misleading information that may be provided in this questionnaire. From this perspective, any person who completes this questionnaire must read and sign the declaration on the last page of this questionnaire.

I hereby certify that the particulars given above are correct and true to the best of my knowledge and belief. I understand that the environmental clearance certificate may be suspended, amended or cancelled if any information given above is false, misleading, wrong and incomplete.

[Handwritten Signature]

IIPUMBU
Full name in block letters

Signature of applicant

on behalf of UKWAMBI TRADITIONAL AUTHORITY

06 NOV 2025
Date

PART 1 B: DRAW PLAN OF THE PROPOSED SITE INDICATING SURROUNDING FEATURES:

Refer to the next page, map.

NB: The Plan must include (Alternatively attach a map of the site)

- Latitude and longitude of the area
- Thematic map for land uses in proximity of the proposed site (and the surrounding 1 km)
- Water bodies such as rivers, lakes, ponds etc.
- Any forest area, natural reserve and game reserve etc.

Note: The name of each area on map must be provided

PART 2 A: CONSENT BY VILLAGE HEADMEN, TRADITIONAL AUTHORITY OR PRIVATE FREEHOLDER

For Village Headman

1. Name of TA headman/freeholder: Tason SHIKONGO
2. Postal address: P.O. BOX 1248; OSHAKATI
3. Telephone or Mobile no.: 0811270145
4. Email address (if applicable): sjasonshoningele@gmail.com

For Traditional Authority or Freeholder

1. Name of TA headman/freeholder: UUKWAMBI TRADITIONAL AUTHORITY
2. Postal address: P.O. BOX 5514; OSHAKATI
3. Telephone or Mobile no.: 0812686308
4. Email address (if applicable): uukwambitradeauthority@gmail.com

Comment and recommendation by the traditional authority /private freeholder (landowner)

No objection regarding the borrow pit at Emono village

Stamp and signature of representative: _____ Date: _____

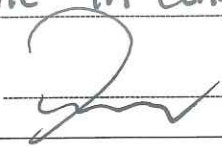

PART 2 B: CONSENT BY REGIONAL COUNCIL OR LOCAL AUTHORITY

For regional council or local authority represented by Chief Regional Officer (CRO) or Chief Executive Officer (CEO)

1. Name of CRO/CEO: TEOPOLINA HAMUTUMUA
2. Postal address: P/Bag 5543, OSHAKATI
3. Telephone or Mobile no: 0811485200
4. Email address (if applicable): thamutumua@oshana.nc.gov.na

Comment and recommendation by the Chief Regional Officer or Chief Executive Officer

The Council have no objection, provided that it is done in conformity with the Act.

Stamp and signature of representative: 

Date: 12/02/2026

NB: The completion of this questionnaire does not revoke provision 33 of the Environmental Management Act No. 7 of 2007 for the Environmental Commissioner to decide whether an activity requires an assessment but complements the process. Therefore a full environmental impact assessment (EIA) process may be required depending on the magnitude of the proposed project.

PART 3: GENERAL DESCRIPTION OF THE PROJECT

Please tick the appropriate answer with an (✓).

1. General information:

Name of the site:	<u>EMONO</u>
Size of the site (hectares):	<u>5 HA</u>
Tenure of operation (years):	<u>6 YRS</u>
Expected cost of the project:	<u>N\$ 400.000.00</u>

2. Sourcing of sand:

Activity site	Yes	No
River/floodplain		✓
Lake/reservoir		✓
Agricultural land		✓
Seaside Watercourse		✓
Homestead/crop fields		✓
Others, please specify:	<u>COMMUNAL LAND</u>	

3. What is: (a) the intended use of sand and (b) the scale and volume of proposed sand mining:

Intended use of sand	Tick mark (✓)
Household-building activities	✓
Commercial housing construction	✓
Commercial road construction	✓
Commercial bulk sale	✓
Others	

Scale and total volume of proposed sand mining (Unit)	Tick mark (✓)
<100 m ³	
100–500 m ³	✓
500–1000 m ³	
>1000 m ³	

4. Location sensitivity details

(a) Is the proposed activity site near/in the following installations?

Important installations	Yes/no	Name	Distance (m)
Public utility (i.e. schools, colleges, hospitals, picnic spots, bridges etc.)	NO		
Tourist site / worship area / graveyard	NO		
Governmental installations (e.g. police stations, government, building, defense installations, etc.)	NO		
Protected area	NO		
Any other installation nearby? Please specify:			

Note: Sustainable sand mining guidelines state that the proposed area should be away from these important installations. Guidelines also specify certain distances as per the sensitivity of the area.

Remarks if any:

N/A

(b) Land use pattern of site lease

Land type	Area (hectare)
- Private land	
- Government land	
- Other (specify) COMMUNAL	5 HA
- Total	

(c) Is the project likely to affect local community member(s)?

Yes

No

(d) If the answer is yes, does the proposed project involve people relocation?

Yes

No

(e) If the answer is yes

Number of affected people

Types of compensation

(f) Was compensation provided to affected people?

Yes

No

If the answer is yes, describe the compensation and other amenities provided.

Section 44 of Environmental Management Act No. 7 of 2007, and Sub-Regulation 21 provide guidance on consultative procedures and methods that must be followed during the environmental assessment process for listed activities. This is necessary to allow the public (Interested and Affected Parties) to give input on how best to avoid and/or mitigate potentially negatives impacts.

5. Public consultations:

(a) Were public consultations held?

Yes

No

If the answer is yes, please attach proof with the application.

If the answer is no, please refer to the EMA Regulation 21—conduct and attach proof.

(b) Are the project concept note and/or activities shared with members of the community?

Yes

No

If the answer is yes, provide a copy of the concept note.

If the answer is no, please consult community and attach proof

(c) Are there any other mines located adjacent to the proposed project site?

Yes

No

If the answer is yes, provide the name and type of the mines within a radius of 1 km.

(c) Attach a No Objection Certificate from the concerned authority with the application

(d) Is there complaint of air and water pollution due to existing mines near the proposed site?

Yes

No

(e) Will the project affect the local drainage or drainage pattern?

Yes

No

If the answer is yes, describe the number of natural drains likely to be impacted and whether the project proponent has taken any initiatives to avoid/minimize impacts. Give details of such initiatives.

N/A

6. Local biodiversity

(a) Does the site preparation require clearing of vegetation (including cutting of trees)?

Yes

No

If the answer is yes, please furnish the following details?

1. Description the type of vegetation and number of species to be affected:

1. *Acacia ecolaba*
2. *Terminalia seneca*

2. Number of trees proposed to be cut:

2

(b) Are these species categorized as protected/endemic/endangered/threatened species?

Yes

No

If the answer is yes, provide details

N/A

(c) Does the proposed project impact local fauna?

Yes

No

(d) If the answer is yes, will it impact protected/endemic/endangered/threatened species?

Yes

No

If yes, provide details

e) Soil type and characteristics, tick appropriate: Sand Clay Loam Other, please provide description;

7. Sand mining details

(a) Method of mining operations

No.	Type	Please tick	Size of site (large / medium / small)	Mining method (manual / semi-mechanized / mechanized / any other (specify))
1	Open cast	✓	Medium	Semi-mechanised, Mechanized
2	Others (specify)			

(b) Number of mining shift: N/A

(c) Proposed maximum depth of the borrow pit (m): 1.5 m; does it intersect with ground water table?

(d) Top soil generation (m³) N/A

Applicable if mining is proposed on agricultural land or a crop field or homestead.

Proposed measures for top-soil conservation and management

TOP Soil to be removed as it is unwanted material.

(e) In the case of river-sand mining, provide following information: X

Distance from hydraulic structure such as pumping station, water intakes, and bridges

N/A

Number of other operators within 1 km upstream N/A

Number of other operators within 1 km downstream N/A

Distance of proposed mining site from the bank N/A

8. Resource requirement:

(a) Mode of *transportation* of mined material

TRUCKS, JCB MACHINES, CARS

If dumper / trucks is used, Expected number of dumpers N/A

List the equipment to be used during mining operation.

JCB-MACHINES, SPADES

(b) Will the project use *blasting / explosives*

Yes

No

If the answer is yes, has the proponent obtained the permit / licence from an authorized body? If yes, attach a copy of the permit / licence with the application.

(c) **Water**

Source of water

Rain water from the ponds using for Sparragement

Quantity of water used (m³ / day)

Tap water about 60 ltr for human consumption.

(d) **Employment:**

- Total employment potential from proposed mine: 2

- Types of employment: Contract

Daily wage

Permanent

(e) **Fuel requirement**

Quantity of fuel (litre/day): 200 + - per day.

If fuel is stored at site, describe the safeguard measures that would be undertaken

N/A.

9. Road construction:

(a) Describe the road connectivity from the proposed site.

3 km from Shakati to the west direction and 4 km from the line road to right side.

(b) Will proposed site require construction of new roads?

Yes

No

If the answer is yes,

Length of the road (km)

N/A

Type of road constructed

N/A

Number of trees to be cut during the construction

None

PART 5: ENVIRONMENTAL MANAGEMENT PLAN

Sand mining is a listed activity as per the Environmental Management Act No. 7 of 2007 and it may not be undertaken without a valid Environmental Clearance Certificate. Therefore, it is recommended that an Environmental Management Plan section of this application is completed or a detailed separate EMP submitted.

ENVIRONMENTAL CONSERVATION

Conservation of flora (including cultivated crop fields, riverine ecosystems and River flow Regime)	Proposed mitigation measures for conservation of flora
	Conservation of biological diversity - of flora, large trees to be left undisturbed, small trees and bushes to cut down for fire woods of the community.
Conservation of fauna (including wildlife and livestock)	Proposed mitigation measure for conservation of fauna
	Animals particular wild animals and birds are not permitted to be hunted or disturbed.
Rehabilitation of mined site (including borrow pits, tracks and roads)	Proposed measure for rehabilitation and resettlement
	Site must be kept clean all water to be removed borrow pit must be prepared to keep water during the rainy season and hold water for animals during dry season.

ENVIRONMENT PROTECTION

Air pollution	Proposed mitigation measures for air pollution / dust control
	The loader and trucks must be driving by minimum speed of 20 km/h in the borrow pit to minimize the dust. Spraying of water also needed to minimize the dust.
Protection of water resources	Proposed mitigation measures for water-pollution control and prevention and for conservation of water resources
	Mining activities must be strictly adhered only 4m deep or 1m above the ground to be mined.
Noise	Proposed mitigation measures for noise
	The movement of operating machines has to start at 8:00 and stop at 17:00 not more than two trucks in the borrow pit are allowed at the same time.

ENVIRONMENT PROTECTION Continues.	
Health and safety of workers	<p>Proposed measures for safety and health</p> <p>Personal protect equipment has be respect (ppe) dust mask, safety boots and hand gloves also to be wear.</p>
Protection of archaeological and cultural site, if any	<p>Proposed measures for protection of archaeological sites and cultural heritage of the project-affected area</p> <p>Archaeological like Costomas graves, scatted bones and amunitions their are un covered by the project and will no be approved.</p>
Waste management (i.e. general, mine and hazardous wastes)	<p>Proposed measures for waste minimization and disposal</p> <p>One or two Rubish bin to be provided mobile toilet also to be provided. government policy must be followed.</p>
Amenities to workers	<p>Details amenities proposed</p> <p>First aid faciltie also to be provided for emergency injuries.</p>

EMP MONITORING, SITE CLOSURE AND DECOMMISSIONING	
EMP implementation records and reporting (attach record sheet)	✓
Financial provisions for rehabilitation, site closure and decommissioning	N/A
Compensation measure and guidelines (with reference to relevant governing laws)	N/A

PART 6: OBLIGATIONS AND COMPLIANCE

The proponent recognises that its sand mining operations may have significant impacts on the environment. Accordingly the proponent undertakes that during the course of its operations it will take every practicable step necessary to ensure the mitigation of such impacts. In doing so it will comply with the obligations identified in the EMP and approved by the Ministry of Environment and Tourism represented by the Environmental Commissioner.

SIGNED AT Uukwambi on this 06 day of November 2025

For the proponent: [Signature]
(duly authorised thereto)

For the Government of Namibia: _____
Mr. T. Nghitila
Environmental Commissioner
Ministry of Environment and Tourism
