**P. O. Box 1682, Otjiwarongo**

**Namibia**

**TO WHOM IT MAY CONCERN**

Dear Sir/Madam,

**RE: STAKEHOLDER NOTIFICATION FOR PROPOSED EXPLORATION ACTIVITIES OF BASE & RARE METALS, DIMENSION STONES, INDUSTRIAL MINERALS, NUCLEAR FUEL MINERALS AND PRECIOUS METALS WITHIN THE EXCLUSIVE PROSPECTING LICENSE (EPL) NO.10529 LOCATED NORTHWEST OF GROOTFONTEIN, OTJOZONDJUPA REGION.**

Excel Dynamic Solutions (Pty) Ltd (EDS) hereby gives notice on behalf of **Brightstar Resources Mining CC** (the Proponent) about the Environmental Impact Assessment (EIA) process for the proposed mineral exploration on Exclusive Prospecting License EPL No. 10529. The EPL covers an area of 16093.2087 hectares (ha), located approximately 5.3 km northwest of Grootfontein, in the Otjozondjupa Region.

The EPL overlies multiple farms such as: Ossa No.1397, De Rust I No.359, Frankfort No.360, Hermannskamp No.361, Otago No.24, Heinshof No.2022, Venus No.379, Norma No.29, Valerie No.30, Rietfontein No.344, Awagobib No.45, Poolmans Kluff No.332, Neu Sommerau No.1359, Johannestal No.652, Nehlen No.1782, Rietfontein No.44, Odin No.380, Meleager No.366, Atalanta No.365, Alfredshoehe-Nord No.364, Klippbockfontein No.31, Leyboldsruhe No.377, Geluk No.39, Chester No.38, Polzins No.1594, Weiveld No.370, Okameni No.371, Bender No.356, Eichenbach No.324, Tjefburg No.378 and Wasmer No.34.

The targeted commodities for the proposed exploration activities are Base & Rare Metals, Dimension Stones, Industrial Minerals, Nuclear Fuel Minerals and Precious Metals.

The proposed exploration activities are listed in the Environmental Management Act No. 7 of 2007 and the EIA Regulations 30 of 2012 and cannot be undertaken without an Environmental Clearance Certificate (ECC). As such, an Environmental Scoping and Assessment (ESA) and Environmental Management Plan (EMP) Reports will be submitted to the Ministry of Industries, Mines and Energy (MIME) and the Ministry of Environment, Forestry and Tourism (MEFT) to support the application for decision-making

The Otjozondjupa Regional Council has been identified as an Interested and Affected Party (I&AP) and would have the right to participate in the public consultation process and provide input on potential impacts of the proposed exploration activities.

**Brightstar Resources Mining CC** intends to conduct exploration activities that entails the following:

- a) Lithology geochemical surveys which include soil and rock sampling shall be collected for trace element analysis to determine the presence of the targeted commodities.
- b) Electromagnetic and geophysical surveys shall be conducted should there be a need, following the designed exploration program.
- c) Detailed exploration drilling shall be conducted if the findings from the desktop study, lithology geochemical, electromagnetic and geophysical surveys are positive. These will entail drilling holes and sample collection for further analysis to determine the depth and spatial extent of the potential mineralization by using both Reverse Circulation (RC) and diamond drilling to about a 200 m depth.

If you have any comments, concerns, or inputs related to the proposed project, **please share them with us at the address below by the 6 May 2026.**
