Dear Mr. Teofilus Nghitila

**APPLICATION FOR AN ENVIRONMENTAL CLEARANCE CERTIFICATE FOR THE OPERATIONS OF AN EXISTING REARING AND LAYING FACILITY ON A PORTION OF THE REMAINDER OF PORTION 812 OF FARM STAMPRIED 132, STAMPRIET, HARDAP REGION**

Environam Consultants Trading (ECT) has been appointed by Maranatha Hatchery Enterprises (Pty) Ltd to undertake the assignment of applying for an Environmental Clearance Certificate (ECC) from the Environmental Commissioner for the above project.

This is a listed activity as per the List of Activities requiring Environmental Clearance (Government Notice 29 of 6 February 2012) and accordingly require an ECC.

Key to the issuance of an Environmental Clearance Certificate for an existing activity is the submission of an Environmental Management Plan (EMP) which provides for a description of how an activity might impact on the natural environment in which it occurs and clearly sets out commitments from the proponent on how identified impacts will be avoided, minimised and managed so that they are environmentally acceptable.

We would like to have your valuable input on the proposed project and will appreciate if you can forward any such input to us on or before 27 March 2026.

Yours Faithfully,
