## I. Executive Summary

Nile Vocational Training Centre (Nile VTC) has commissioned Business Success Consulting cc (BSC), an independent Environmental Assessment Practitioner (EAP), to undertake an environmental assessment process for the operation of the vocational training centre at Onathing South Village, Omulondo District in the Oshikoto Region of Namibia.

This report provides an overview of the proposed operation of Nile VTC, an emerging vocational training institution with a strong focus on agricultural education, skills development, and community empowerment. The centre integrates theoretical learning with practical agricultural production, thereby equipping trainees with hands-on experience in sustainable farming practices. Current activities at the site include poultry farming (chicken production) and crop cultivation, comprising tomatoes, cabbages, mahangu, beans, and watermelons.

The project is designed to promote sustainable agricultural practices while contributing to local food security, employment creation, and capacity building within the surrounding communities. The training centre will serve as a hub for skills transfer, supporting both youth development and rural economic growth in the Oshikoto Region.

This Scoping Report aims to provide preliminary information on the Centre's operations, describe the biophysical and socio-economic environment, identify potential environmental and social impacts, and outline the need for environmental authorization in accordance with the Environmental Management Act (No. 7 of 2007) and the Environmental Impact Assessment Regulations (2012).

Potential environmental impacts associated with the operation include:

1. Localized vegetation disturbance and land use changes due to agricultural activities;
2. Increased demand for water resources for irrigation and livestock;
3. Generation of agricultural and domestic waste;
4. Risks related to soil degradation and improper waste management practices.

However, the project is expected to yield significant positive impacts, including:

1. Skills development and vocational training for local communities;
2. Employment creation and income generation;

3. Enhancement of food security through local agricultural production;
4. Promotion of sustainable land use and environmentally responsible farming practices;
5. Contribution to rural development and poverty reduction.

Appropriate mitigation measures are outlined in the Environmental Management Plan (EMP) to ensure that all identified negative impacts are effectively managed and minimized. The EMP will provide practical guidelines for environmental protection, resource efficiency, and sustainable operations throughout the lifecycle of the training centre.

Based on the assessment, the operation of Nile Vocational Training Centre is considered environmentally sustainable and socially beneficial, provided that recommended mitigation measures are fully implemented and monitored.

Furthermore, this EMP forms part of the application for an Environmental Clearance Certificate (ECC) from the Ministry of Environment, Forestry and Tourism. The successful implementation of the EMP will ensure compliance with national environmental legislation while promoting a culture of environmental stewardship, sustainability, and responsible resource management within the institution and the broader community.

### 1.0 PROJECT BACKGROUND

#### 1.1. Introduction

This EMP relates to the operation of Nile Vocational Training CENTRE (Nile VTC) located at Onathing South Village, Omulondo District, Oshikoto Region. The VTC is intended to provide vocational and skills-based training, with emphasis on agriculture, food production, and sustainable farming practices.

The project site is already under use for small-scale agricultural production for training purposes. The activities are educational in nature and are aimed at equipping trainees with practical agricultural competencies, while contributing to local food production.

At present, the VTC does not yet have an Environmental Clearance Certificate for its operation. This EMP therefore forms part of the regulatory compliance process in preparation for environmental authorisation.

#### 1.2. Purpose of the Environmental Management Plan

The Environmental Impact Assessment (EIA) Regulations No. 30 of 2012 as gazetted under the Environmental Management Act, 2007, (Act No. 7 of 2007), requires that an Environmental Management Plan (EMP) for the existing CENTRE's operation should be developed in order to apply for an ECC from the Ministry of Environment, Forestry and Tourism (MEFT). Consequently, the EMP will align CENTRE's operation to fulfillment with Namibia's Environmental Regulatory Framework.

The EMP assessed and evaluated those impacts which the development's operation might have on the physical, natural and socio-economic environments. Where the project's operation poses negative impacts, mitigation measures are proposed to minimize such negative impacts and where the implementation makes positive impacts, recommendations are made to maximize such benefits.

The overall objective is therefore to ensure that the CENTRE operation is carried out in a manner which makes it technically sound, economically feasible, socially acceptable and environmentally sustainable.

### 1.3 Description of Activities

Activities involved in the process of this study;

- Small scale operation with negligible environmental impacts

Image: crop field

Chicken house

Tractor shade

Storage

Nursery bed

Pit Latrine

## 2. DESCRIPTION OF THE ENVIRONMENT

This section describes the physical, biological, and socio-economic environment that may be affected by the operation of Nile Vocational Training Centre.

It should be noted that the project site is already disturbed due to ongoing agricultural use. The assessment therefore focuses on operational impacts, rather than construction-related impacts.

No.	ASPECTS OF THE ENVIRONMENT
1	Location
2	Accessibility to the site
3	Topography
4	Climatic Conditions
5	Geological Aspects
6	Land Use and Capabilities
7	Hydrology (Surface and Underground water)
8	Air Quality & Dust Disturbances
9	Noise Disturbances
10	Visual Intrusions Aspects
11	Archaeological, Heritage & Cultural Aspects
12	The Ecosystem (Flora and Fauna) and
13	The Human Environment (the Social-economic Environment)

### 2.1 Location

Nile Vocational Training Centre is located at Onathing South Village, within Omulondo District, in the Oshikoto Region, Namibia.

The project land of **4.85 ha** is situated 600 m from the B1 Main Road, within a rural communal area predominantly characterised by subsistence agriculture.

GPS Coordinates:

Waypoint	Latitude	Longitude
A	-17.998664°	16.135423°
B	-17.998727°	16.135383°
C	-17.998251°	16.135750°
D	-17.999914°	16.135182°
E	-17.999989°	16.136041°
F	-17.998864°	16.136179°
G	-17.998964°	16.137607°
H	-17.997384°	16.137729°

FIGURE 1: MAP OF NILE VTC CENTRE

## 2.2 Accessibility

The site is accessible via existing rural access roads from the B1 connecting surrounding villages and service centres. Accessibility is adequate for light vehicles and small-scale transport associated with training and agricultural activities.

## 2.3 Topography

The project area is generally flat, with no significant elevation changes. This limits the risk of erosion but may result in surface water pooling during heavy rainfall.

Image: Flat topology

## 2.4 Climatic Conditions

The Oshikoto Region experiences semi-arid climatic conditions, with average annual rainfall ranging between 350 mm and 550 mm, occurring mainly between November and April. Temperatures can be high in summer and mild to cool during winter months.

## **2.5 Land Use and Capability**

The land is used for educational and agricultural purposes. Surrounding land uses include homesteads, crop fields, and communal grazing areas. The land capability is suitable for dryland cropping and small-scale poultry farming.

## **2.6 Hydrology**

### **2.6.1 Surface Water**

No permanent surface water bodies were observed on site.

### **2.6.2 Groundwater**

There are no known boreholes on the project site. Water is sourced from namwater pipeline.

## **2.7 Sanitation and Water Use**

The VTC currently have on-site pit latrine toilet facilities. Trainees and staff make use of sanitation facilities at the CENTRE.

## **2.8 The Ecosystem**

### **2.9.1 Flora observed**

The school area is dominated by *Hyphaene petersiana* (oivale/ omulunga), *Berchemia discolor*. This was observed by a site visit and comparing picture Field Guide to the Trees & Shrubs of Namibia using by Le Roux & Müller's.

The area is also covered by patches of grasses and was identified using the "Grasses of Namibia, by Müller". The area is mostly dominated by one type of grass species of *Eragrostis trichophora*.

None of the tree species occurring at the site have been identified as having any special status of being restricted to the project site. The table below indicates the trees identified during the day of site screening and trees expected in the surrounding area;

TABLE 1: EXPECTED & OBSERVED TREES

Scientific Name (Local Name)	Present	Occurrences in area
<i>Hyphaene petersiana</i> (oivale/ omulunga)	Yes	Few
<i>Eragrostis trichophora</i>	Yes	Common

Image: Hyphaene Petersiana (Omulunga)

### 2.9.2 Animals and birds observed in the area

During the field visit, the team has observed birds in the project area around the water spots. According to Newman's birds by colour, commonality in Southern Africa (Keneth Newman, 2000), the following birds are to be found in the area. However this list is not exhaustive because birds have no boundaries;

TABLE 2: BIRDS IN THE PROJECT AREA

Item No.	Birds
1.	Laughing dove
2.	Grey backed finchlark
3.	Palm swift
4.	Yellow canary
5.	Streaky headed canary

6.	Monteiro Hornbill
7.	Red eyed bulbul
8.	Black chested prinia
9.	Namaqua sandrouse
10.	Social Weaver
11.	Pied Crow

The site is characterised by disturbed vegetation, typical of rural agricultural settings. No protected or endangered plant or animal species were observed. Fauna is limited to small mammals, birds, reptiles, and insects common to the area.

## 2.10 The Socio-economic environment

The Oshikoto Region is densely populated and largely rural, with livelihoods based on subsistence agriculture, informal employment, and government support services. Unemployment and poverty levels remain relatively high.

Nile VTC contributes quite very small and informal but if given the opportunity to be formalised and grow can contribute positively to the local socio-economic environment by:

- Providing vocational and agricultural skills
- Creating employment opportunities
- Supporting local food production
- Enhancing youth and community capacity building

The Centre is committed to aligning its operations to the Environmental Management Act, securing land tenure and accessing financing for its sustainable growth and development.

### 3. ENVIRONMENTAL IMPACTS

The main purpose of this section is to identify and assess the most significant environmental impacts by describing the measurable aspects of these impacts. The mitigation measures of these possible impacts will be provided in order to minimize the extent of the impacts resulting from various activities during the construction phases and beyond.

#### 3.1 Method of Assessment

The assessment is carried out in tabular form to facilitate the evaluation, followed by mitigation measures. In order to determine significance, each potential impact was subjected to a range of assessment criteria listed below.

TABLE 3: CRITERIA USED TO DETERMINE THE SIGNIFICANCE OF IMPACTS AND THEIR DEFINITIONS.

Nature	Reviews the type of effect that the proposed activity will have on the relevant component of the environment and includes "what will be affected and how?"
Extent: How far in terms of area will the impact reach. Indicates whether the impact will be within a limited area	
Local	limited to within 25km of the area
Regional	limited to ~200km radius
National	limited to the borders of Namibia
International	extending beyond Namibia's borders
Duration: How long will the a particular impact least once in has occurred	
Short term	1-5 years
Medium term	5-10 years
Long term	longer than 10 years, but will cease after operation
Permanent	irreversible
Intensity: Determine whether the magnitude of the impact is destructive or innocuous and whether or not it exceeds set standards.	

Low	Where natural/ social environmental functions and processes are negligibly affected.
Medium	Where the environment continues to function but in a noticeably modified manner.
High	Where environmental functions and processes are altered such that they temporarily or permanently.
Probability: Determine the likelihood of the impact occurring	
Uncertain	
Improbable	Low likelihood
Probable	Distinct possibility
Highly probable	Most likely
Definite	Impact will occur regardless of prevention measures
Status of the Impact: A statement of whether the impact is;	
Positive	a benefit to the environment, society or the economy
Negative	a cost to the environment, society or the economy
Neutral.	

TABLE 4: DEFINITION OF THE VARIOUS SIGNIFICANCE RATINGS

Significance Rating	Criteria
Low	Where the impact will have a negligible influence on the environment and no mitigations are required.
Medium	Where the impact could have an influence on the environment, which require some modifications on the proposed project design and/or alternative mitigation.
High	Where the impact could have a significant influence on the environment and, in the case of a negative impact, the activity causing it, should not be permitted.

## 3.2 POTENTIAL IMPACTS

### 3.1 Positive Impacts

- Skills development and capacity building
- Employment creation
- Improved agricultural productivity

- Food security enhancement
- Community empowerment

### **3.2 Potential Negative Impacts**

- Generation of solid waste and poultry waste
- Health and safety risks
- Localised soil and water contamination if waste is mismanaged

These impacts are localised and manageable through appropriate mitigation measures

### 4. PUBLIC PARTICIPATION PROCESS

#### 4.1 Introduction

The Public Participation Process (PPP) for the existing Nile Vocational Training Centre at Onathing South in the Oshikoto Region was conducted in accordance with the requirements of the Environmental Management Act No. 7 of 2007 and its Environmental Impact Assessment Regulations (Regulations 21 to 24).

The process aimed to ensure that all Interested and Affected Parties (I&APs) were adequately informed about the proposed development and provided with an opportunity to raise concerns, comments, and inputs to inform the Environmental Impact Assessment (EIA).

A combination of notification methods and stakeholder consultations was undertaken to facilitate an inclusive and transparent engagement process. The Background Information Document (BID), containing key project details, was prepared and made available to stakeholders throughout the consultation period.

#### 4.2 Public Participation Process Notification

##### 4.2.1 Project Initiation

The public participation process commenced with a site visit conducted on 28 February 2026, during which the EIA team visited the project location. During this visit, the team obtained details on the ongoing project activities, as well as the location and extent of the development. A preliminary assessment was also undertaken to understand the existing environmental and socio-economic conditions of the site.

#### **4.2.2 Stakeholder Notification**

Newspaper notifications were placed in *New Era* (26 March and 02 April 2026) and *Windhoek Observer* (25 March, 27 March, 30 March and 02 April 2026). The purpose of these notices was to inform Interested and Affected Parties and invite them to register, obtain the Background Information Document, and provide comments on the operation of the existing Training Centre.

#### **4.2.3 Public Meeting and Stakeholder Engagement**

Not many Interested and Affected Parties registered following the public notices. As a result, the project team conducted door-to-door consultations with neighbours adjacent to the Training Centre to obtain their comments in writing.

Two neighboring residents and the local headman obtained the Background Information Document and submitted written comments, as included in the annexures. The stakeholder consultation process was conducted from 20 March 2026 to 07 April 2026.

##### ***Key stakeholders consulted during the process included:***

1. Local community members of Onathing South Village;
2. Traditional leaders (village headman) and Ondonga Traditional Authority;
3. Relevant government institutions, including the Ministry of Agriculture, Fisheries, Water and Land Reform;
4. Office of the Governor – Oshikoto Region;
5. Oshikoto Regional Council;
6. Constituency Office; and
7. Interested and Affected Parties.

#### **4.2.4 Key Issues and Comments Raised**

The community has generally received the Nile Vocational Training Centre positively. The consulted parties, particularly neighbouring residents, expressed satisfaction with the current operations of the

Training Centre and highlighted its potential to expand and create employment opportunities for the local community. No concerns or objections were raised regarding the project.

#### **4.3 Outcome of the Public Participation Process**

The Public Participation Process was conducted in compliance with the Environmental Management Act No. 7 of 2007 and the EIA Regulations, ensuring that relevant stakeholders were informed and given an opportunity to provide inputs.

Efforts were made to engage stakeholders through direct consultations with neighbouring community members and the local traditional authority. This ensured that key stakeholders were adequately informed and able to participate in the process.

Feedback received from consulted stakeholders was positive, with general support for the continued operation and potential expansion of the Training Centre. The project is regarded as beneficial, particularly in terms of skills development and employment creation within the area.

No objections or environmental or social concerns were raised during the consultation period. Overall, the outcome of the Public Participation Process indicates general acceptance of the project by the local community and relevant stakeholders.

## SECTION 5

### 5. ENVIRONMENTAL MANAGEMENT PLAN FOR THE OPERATION OF NILE VOCATIONAL TRAINING CENTRE AT ONATHINGE SOUTH, OMULONDO DISTRICT IN OSHIKOTO REGION

#### 5.1 EMP Administration

This section of the report serves to prescribe mitigation measures to reduce, limit, eliminate or compensate for impacts, to acceptable or insignificant levels. In setting mitigation measures, the practical implications of executing these measures are considered. With early planning at all level of implementation, both the cost and the impacts can be effectively eliminated or minimized to insignificant levels.

This section also outlines the roles and responsibilities of all stakeholders to ensure that the EMP is fully implemented. The proponent has extensive experience in managing service station, and therefore will ensure the successful implementation of the EMP and its administration.

**TABLE 1: SOCIO-ECONOMIC IMPACTS AND MANAGEMENT MEASURES**

Impact Aspect	Description
Activity	Operation of Nile Vocational Training CENTRE
Impact	Employment creation, skills development, community upliftment
Nature of Impact	Positive
Extent	Local
Duration	Long-term / Permanent
Intensity	Medium
Likelihood	Highly likely
Significance	Medium to High (Positive)
Mitigation / Enhancement Measures	<ul style="list-style-type: none"> <li>• Prioritise employment of local residents</li> <li>• Procure goods and services locally where possible</li> </ul>

<b>Impact Aspect</b>	<b>Description</b>
	<ul style="list-style-type: none"> <li>• Promote gender equality and youth inclusion</li> <li>• Provide continuous vocational and agricultural skills training</li> </ul>
<b>Responsible Party</b>	VTC Owner / Management
<b>Monitoring</b>	Employment records, training registers
<b>Frequency</b>	Ongoing

<b>Frequency</b>	As required
<b>Compliance Indicator</b>	No community complaints

## 6. DECOMMISSIONING, CONCLUSION AND RECOMMENDATIONS

### 6.1 Decommissioning

A separate EIA process should be conducted before considering at all the decommissioning of the project.

### 6.2 Conclusion

The operation of Nile Vocational Training Centre is **socially desirable, environmentally manageable, and aligned with national development objectives**. The anticipated benefits outweigh the limited and manageable environmental risks.

### 6.3 Recommendations

It is recommended that:

1. An **Environmental Clearance Certificate** be issued for the operation of Nile Vocational Training Centre at Onathing South, Omulondo District in the Oshikoto Region.

**REPUBLIC OF NAMIBIA**  
**MINISTRY OF WORKS AND TRANSPORT**  
**CALL FOR ADMITTED CONVEYANCERS**

**SCOPE OF WORK FOR ADMITTED CONVEYANCERS**

- Title Deed and Ownership Verification:** Examine and verify title deeds and confirm Government ownership of immovable assets. Conduct Deeds Office searches to confirm property descriptions, ownership history, and endorsements. As well as identify and verify registered rights, including servitudes, usufructs, and restrictive conditions.
- Encumbrances and Legal Status:** Identify any mortgage bonds, caveats, interdicts, or other encumbrances affecting the property and assess legal restrictions that may impact value, use, or transferability of the property.
- Property Description and Boundary Accuracy:** Ensure correctness of property descriptions, diagrams, and general plans and flag discrepancies between registered records and physical occupation.
- Support to Valuation Teams:** Provide legal input on ownership, tenure, and registrability issues affecting valuation and assist valuers in understanding legal limitations or rights attached to properties.
- Inspection and Occupation Verification:** Support site inspections where necessary to verify occupancy status and identify unlawful occupation or informal arrangements. As well as record legal observations relevant to ownership or occupation.
- Document Completion and Compliance:** Compile and organize all conveyancing and registration documents for each property and ensure documentation complies with Deeds Registry requirements and applicable laws.
- Report Support:** prepare or contribute to the legal section of valuation reports, including: ownership confirmation; encumbrance summary and legal risks affecting the property.
- Regularisation and Advisory:** identify properties requiring title regularisation or corrective conveyancing and advise on steps needed for transfer, endorsement, subdivision, or consolidation where applicable.
- Stakeholder Liaison:** engage with the Deeds Office, Surveyor-General, Local authorities and relevant Government departments. Facilitate access to and verification of property records.

**REQUIREMENTS FOR ADMITTED CONVEYANCERS**

**Minimum Qualifications:** LLB (Hons) degree and Admission as a Conveyancer in Namibia.

**Professional Experience (Advantageous):**

- Experience in property transfers, endorsements, and deeds registration processes.
- Familiarity with Government property or public sector conveyancing.

**Knowledge and Competencies**

- Strong understanding of Property and land law, Deeds Registries procedures and requirements as well as Land tenure systems.
- Ability to interpret: Title deeds; Diagrams and general plans and Conditions of title.

**Skills**

- High attention to detail in document review and verification.
- Strong analytical and problem-solving skills.
- Report-writing and documentation skills.
- Ability to work collaboratively with valuers and multidisciplinary teams.

**Other Requirements**

- Willingness to travel for inspections within assigned regions.
- Good communication and stakeholder engagement skills.
- Computer literacy (MS Office and document systems).

**Additional Advantages**

- Experience with rectification of title deeds; township establishment, subdivision, or consolidation and handling of encumbrances and endorsements

**Submission of Expressions of Interest:**  
 Interested candidates must submit a detailed and comprehensive CV via email: [Zoraida.Haufiku@mwt.gov.na](mailto:Zoraida.Haufiku@mwt.gov.na) or [Desiree.Ndofafedwa@mwt.gov.na](mailto:Desiree.Ndofafedwa@mwt.gov.na)

**DEUE DATE IS: 03 APRIL 2026**

**Kindly note that applications submitted by fax or hand delivery will not be accepted or considered.**  
**Only shortlisted candidates will be invited to a meeting.**

**NOTICE OF ENVIRONMENTAL IMPACT ASSESSMENT**

NOTICE IS HEREBY GIVEN TO ALL POTENTIALLY INTERESTED AND AFFECTED PARTIES (I&APs) THAT AN APPLICATION WILL BE SUBMITTED TO THE ENVIRONMENTAL COMMISSIONER IN TERMS OF THE ENVIRONMENTAL MANAGEMENT ACT (NO. 7 OF 2007) AND REGULATIONS (GN NO. 29 OF 2012) FOR THE FOLLOWING PROPOSED ACTIVITY:

**Activity Name:** Construction and Operation of a Solar Photo Voltaic Plant in the Liselo Area, Zambesi Region

**Proponent:** LinX Energy Company (Pty) Ltd

**Project Location:** Liselo Area (-17.492578°, 24.208639°)

**Project Description:** The Proponent intends to construct a 20MW Solar PV Plant in the Liselo Area. The proposed activity is among the listed in the Annexure to Schedule (GN No. 29 of 2012) of the Environmental Management Act. The activity pertains to energy generation, transmission and storage. It is required that an Environmental Clearance Certificate is acquired from the Environmental Commissioner in the Ministry of Environment, Forestry and Tourism, prior commencement of the activity.

**Environmental Assessment Practitioner:** Namib Consulting Services CC.

**Public Meeting:** Date: 18 March 2026, Time: 09H00, Venue: Liselo Sub-Khuta

**Duration of Submitting of Comments:** Open to the 20<sup>th</sup> of March 2026

**Registration as I&APs:** To obtain the a background information Documents (BID), register and submit comments or obtain further information, please contact: 081 - 499 4488 or 081-291 0649, Email: [namibconsulting@gmail.com](mailto:namibconsulting@gmail.com)

**PUBLIC NOTICE: ENVIRONMENTAL IMPACT ASSESSMENT (EIA) STUDY FOR THE PROPOSED CONSTRUCTION OF THE NEW OUTE RIVER BRIDGE ON DISTRICT ROAD 3703 (DR3703) BETWEEN OKAUNDE AND OROTJITOMBO VILLAGES IN THE KUNENE REGION**

The public is notified that an application for an Environmental Clearance Certificate (ECC) will be submitted to the Environmental Commissioner as required under the Environmental Management Act No. 7 of 2007 and its 2012 EIA Regulations. The proposed project is a listed activity in the EIA Regulations that cannot be undertaken without an ECC, which is issued upon approval of an EIA Study (EIA Scoping Report and Environmental Management Plan (EMP).

The Proponent: Roads Authority of Namibia

**Appointed Environmental Consultant:** Serja Hydrogeo-Environmental Consultants CC (Serja HGE Consultants)

**Project Description:** Should the ECC and completion of the project design by D&P Engineers, Archetype Project Consultants and Twesya Consulting Engineers Joint Venture (DAE JV), the Proponent intends to construct the Oute Bridge on the District Road 3703 (DR3703) over the Oute River (also known as the Hoansib River) between Okaunde and Orotjitombo Villages. The bridge site is located about 33km west of Opauw Town in the Opauw Rural Constituency.

The public is therefore invited to register as Interested and Affected Parties (I&APs) and submit comments, concerns (in writing), or receive further information on the EIA Study. The deadline for registration as I&APs and submission of comments, issues, or concerns is **Friday, 17 April 2026**.

**Community Consultation Meeting will be held near the bridge site, and the meeting details (date, time, and venue) will be communicated via email to registered stakeholders (I&APs) and Regional Local leadership.**

**Contact Persons:** Ms. Fredrika Shagana & Mr. Stetanus Johannes (Project Environmental Assessment Practitioners)

**Mobile No:** +264 (0) 81 749 9223 / +264 (0) 81 400 0570

**Email:** [sisa.public@serjaconsultants.com](mailto:sisa.public@serjaconsultants.com) (direct emails or scanned photos of legible handwritten letters)

**PUBLIC NOTICE**

**Kamau Town Planning and Development Specialist** has been appointed by the owners of Erf No. 8501 (a portion of Erf 1113, Rundu Extension No. 3, to apply to the Nkurenkuru Town Council and the Urban and Regional Planning Board for the:

- **REZONING OF ERF NO. 8501 (A PORTION OF ERF NO 1113) RUNDU EXTENSION NO.3 FROM 'RESIDENTIAL' TO 'HOSPITALITY'**
- **CONSENT TO USE ERF NO. 8501 (A PORTION OF ERF NO 1113) RUNDU EXTENSION NO. 3 FOR PLACE OF ENTERTAINMENT**
- **CONSENT TO COMMENCE WITH CONSTRUCTION WHILE THE REZONING IS IN PROGRESS**

Erf 8501 is located in Rundu town, along the Dr. Sam Nujoma Avenue Road in Extension No. 3. The subject erf and its surrounding is characterised by a flat topography with a gradient of 3%, which falls within the range suitable for most forms of development. The terrain is stable and poses minimal risk of erosion or drainage complications. The subject erf measures 829m<sup>2</sup>.

The owner of Erf 8501 (a portion of Erf 1113) Rundu Extension No. 3 intends to rezone the from "Residential" to "Hospitality", to increase development rights and enable to develop mass accommodation and with consent for place of entertainment.

**Please further take note that -**

(a) For more enquiries regarding the rezoning application, visit the Rundu Town Council's Planning Department, or the applicant at the address listed below.

(b) any person having objections to the rezoning concerned or who wants to comment, may in writing lodge such objections and comments, together with the grounds, the Chief Executive Officer of the Rundu Town Council and with the applicant within 14 days of the last publication of this notice, i.e., no later than **10 April 2026**

**PERIOD FOR SUBMITTING COMMENTS: 05 MARCH - 7 APRIL 2026**

**PUBLIC NOTICE**

Urban Vision Consultant has been appointed by the owner of Erf 754, Oshakati Extension No. 2, to apply to the Oshakati Town Council and the Urban and Regional Planning Board for the:

- **REZONING OF ERF 754, OSHAKATI EXTENSION NO. 2 FROM "SINGLE RESIDENTIAL" WITH A DENSITY OF 1:900m<sup>2</sup> TO "SINGLE RESIDENTIAL" WITH A DENSITY OF 1:700m<sup>2</sup>**
- **SUBSEQUENT SUBDIVISION OF ERF 754 OSHAKATI EXTENSION NO.2, INTO PORTION A AND THE REMAINDER**

Erf 754 is located east of Oshakati, within Extension No.2. The respective Erf which measures 1488m<sup>2</sup> in extent, is currently zoned as "Single Residential" as per the Oshakati Zoning Scheme and it lies on a flat terrain with an existing building on it.

In order to maximize the development potential of the property, the owner of the Erf intends to rezone Erf 754, Oshakati Extension No. 2 from "single residential" with a density of 1:900m<sup>2</sup> to "Single Residential" with a density of 1:700m<sup>2</sup> which will support densification in accordance by encouraging the effective use of urban land within the Oshakati North Extension No. 11 that is already serviced by also subsequently subdividing Erf 754 Oshakati, Extension No.2 into Portion A and the Remainder.

Please further take note that -

(a) For more enquiries regarding the rezoning application, visit the Oshakati Town Council's Town Planning Department, or the applicant at the address listed below.

(b) any person having objections to the rezoning or who wants to comment, may in writing lodge such objections and comments, together with the grounds, the Chief Executive Officer of the Oshakati Town Council and with the applicant within 14 days of the last publication of this notice, i.e., no later than **17 April 2026**

**ENVIRONMENTAL MANAGEMENT PLAN FOR THE OPERATION OF NILE VOCATIONAL TRAINING CENTER AT ONATHINGE SOUTH VILLAGE, OMULONDO DISTRICT IN THE OSHIKOTO REGION**

Notice is hereby given to all Interested and Affected Parties (I & APs) that an application will be made to the Environmental Commissioner in terms of Environmental Management Act No. 7 of 2007 and its regulations (GN 30 of 6 February 2012) for the following intended activity.

**Project Name:** OPERATION OF NILE VOCATIONAL TRAINING CENTER AT ONATHINGE SOUTH VILLAGE, OMULONDO DISTRICT IN THE OSHIKOTO REGION

**Project Location:** ONATHINGE SOUTH VILLAGE IN THE OSHIKOTO REGION

**Project Description:** OPERATION OF NILE VOCATIONAL TRAINING CENTE

**Representative:** MR. S. STEPHEN

**Environmental Consultant:** BUSINESS SUCCESS CONSULTING

All Interested and Affected Parties (I & Aps) are encouraged to register and provide comments. If you want to register as an I & Aps and receive the Background Information Document, please contact our office:

**Contact No:** +264811404555 **Email:** [bscongwediva@gmail.com](mailto:bscongwediva@gmail.com)  
BSC OFFICE AT ERF, 5059 OMAJANDO STR. ONGWEDIVA

**PERIOD FOR SUBMITTING COMMENTS: 05 MARCH - 7 APRIL 2026**

**PUBLIC NOTICE**

Urban Vision Consultant has been appointed by the owner of Erf 754, Oshakati Extension No. 2, to apply to the Oshakati Town Council and the Urban and Regional Planning Board for the:

- **REZONING OF ERF 754, OSHAKATI EXTENSION NO. 2 FROM "SINGLE RESIDENTIAL" WITH A DENSITY OF 1:900m<sup>2</sup> TO "SINGLE RESIDENTIAL" WITH A DENSITY OF 1:700m<sup>2</sup>**
- **SUBSEQUENT SUBDIVISION OF ERF 754 OSHAKATI EXTENSION NO.2, INTO PORTION A AND THE REMAINDER**

Erf 754 is located east of Oshakati, within Extension No.2. The respective Erf which measures 1488m<sup>2</sup> in extent, is currently zoned as "Single Residential" as per the Oshakati Zoning Scheme and it lies on a flat terrain with an existing building on it.

In order to maximize the development potential of the property, the owner of the Erf intends to rezone Erf 754, Oshakati Extension No. 2 from "single residential" with a density of 1:900m<sup>2</sup> to "Single Residential" with a density of 1:700m<sup>2</sup> which will support densification in accordance by encouraging the effective use of urban land within the Oshakati North Extension No. 11 that is already serviced by also subsequently subdividing Erf 754 Oshakati, Extension No.2 into Portion A and the Remainder.

**Please further take note that -**

(a) For more enquiries regarding the rezoning application, visit the Oshakati Town Council's Town Planning Department, or the applicant at the address listed below.

(b) any person having objections to the rezoning or who wants to comment, may in writing lodge such objections and comments, together with the grounds, the Chief Executive Officer of the Oshakati Town Council and with the applicant within 14 days of the last publication of this notice, i.e., no later than **17 April 2026**

**FOR MORE INFORMATION AND QUERIES, KINDLY CONTACT:**
