Frampton Investment CC (*proponent*) has appointed Savannah Environmental Consultant CC (*Environmental Consultants*) to apply for the Environmental Clearance Certificate (ECC) for prospecting and exploration activities on Exclusive Prospecting Licence (EPL) No. 10886 located South East of Henties Bay in the Erongo.

As part of the final submission process, the Ministry of Environment, Forestry and Tourism (MEFT) has requested the consent letter from the National Heritage Council (NHC). The Consultant fully understands, values, and appreciates the importance of protecting the environment, communities, and their historical and heritage resources, as required under the **National Heritage Act (No. 27 of 2004)**, for the well-being of our society and the benefit of future generations.

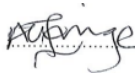

Accordingly, we wish to inform your esteemed office that the Heritage Impact Assessment (HIA) has been submitted to the NHC for review. We therefore kindly request your permission to allow the evaluation of the Environmental Impact Assessment (EIA) and Environmental Management Plan (EMP) reports to proceed while awaiting the formal consent letter from the NHC. Once the consent letter is granted, it will be promptly submitted to the Ministry.

We trust that this request will receive your favourable consideration.
