BID- MTC Henties bay Version 1\_MD.pdf; MTC SITE HENTIS BAY LOCALITY MAP.png;

Dear esteemed Stakeholder

**Mobile Telecommunication Company (MTC) (The Proponent)** proposes to construct and operate a 48m Monopole Tower located in Extension 1, ERF 420, in Henties Bay , Erongo region.

Telecommunication tower and related infrastructure development are among listed activities that may not be undertaken without an Environmental Clearance Certificate (ECC) under the Environmental Management Act (EMA) (2007) and its 2012 Environmental Impact Assessment (EIA) Regulations.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and then subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity; therefore, you are receiving this communication.

Please find the attached Background Information Document (BID) and locality map for the proposed construction and operation.

**We are currently working on finalizing the date for the stakeholders' engagement meeting and the site visit (Environmental and archeological field assessments). We will provide further details once this information is available.**

Thank you and kind regards

**Milika Dineinge**

Environmental Assessment Practitioner
