

CONSENT LETTER

Onguma Nature Reserve (Pty) Ltd

Date: 27 March 2026

To:
The Environmental Commissioner
Ministry of Environment, Forestry and Tourism
Republic of Namibia

RE: FORMAL CONSENT AND SUPPORT FOR THE SEASONAL OPERATION OF TRAILS CAMP – ONGUMA NATURE RESERVE

Onguma Nature Reserve (Pty) Ltd hereby formally confirms its consent for Fishers Pan Nature Reserve (Pty) Ltd to operate Trails Camp within Onguma Nature Reserve.

Trails Camp constitutes an existing, low-impact tented tourism campsite situated within a previously disturbed and established site area inside the reserve. The operation is seasonal in nature and forms part of Onguma Nature Reserve's broader conservation-aligned tourism offering.

The reserve recognizes Trails Camp as an activity that is consistent with its environmental management approach, which prioritizes controlled land use, minimal ecological disturbance, and the responsible utilization of existing infrastructure. The operation is confined to a defined footprint and does not involve expansion or additional land transformation.

Onguma Nature Reserve (Pty) Ltd fully supports the application for an Environmental Clearance Certificate (ECC) for the seasonal operation of Trails Camp and confirms that the activity is undertaken within the framework of the reserve's conservation and sustainability objectives.

This letter serves as formal confirmation of landowner consent and operational alignment with the reserve's management policies.

Should any additional information or clarification be required, we remain available to assist.

Yours faithfully,

Abrie Collard
Chief Financial Officer
