Dear Mr. Leroy,

I am pleased to write this recommendation letter for your services as a contractor for tree harvesting or cutting. After careful consideration, we are happy to accept your offer of N\$400 for cutting live trees, regardless of their condition, including those with holes.

In conclusion, I hereby confirm that we held a successful meeting on the 26/01/2026 at our office in Tsumkwe, where you consulted us on the application process of the environmental clearance certificate which is the next step to receiving approval to undertake selective harvesting of our timber from the ministry of environment, forestry and tourism.

We thank you for this consultation and information, and we confirm that we have no objection to your proposed activities as per our agreement and we further give you our blessing and acknowledge to apply and received the environment clearance on our behalf.

Best regards,

Jason Jona  
Chairperson
