

Notices at Aus settlement public offices

**CUSTOMS AND EXCISE
PASSPORT CONTROL**

The image shows two display boards mounted on a wall. The boards are filled with various notices, forms, and informational documents. The documents are organized into columns and rows. Some documents have blue headers with text, while others are plain white with black text. The boards appear to be made of a light-colored material, possibly wood or metal, and are secured with small fasteners. The overall appearance is that of a public information display area in a government or official building.
