

REPUBLIC OF NAMIBIA
ENVIRONMENTAL MANAGEMENT ACT, 2007
(SECTION 32)

APPLICATION FOR ENVIRONMENTAL CLEARANCE CERTIFICATE.

PART A: DETAILS OF APPLICANT

1.Name:

Ongeama Mining CC

2. Business Registration/Identity No.

(if applicable)

2017/10660

3.Correspondence Address:

Erf 8225, Nguni Street
Northern Industry, Windhoek
P.O. Box 24008,
Windhoek
Namibia

4.Name of Contact Person:

Mr. Otniel Koujo

5.Position of Contact Person:

Owner

6.Telephone No.:

+264 81 249 1104

7.Fax No.:

N/A

8.E-mail Address:

greatkunene@gmail.com

PART B: SCOPE OF THE ENVIRONMENTAL CLEARANCE CERTIFICATE

1.The environmental clearance certificate is for:

Activity 3.1 (Mining and Quarrying Activities)

The construction of facilities for any process or activities which requires a licence, right or other form of authorisation, and the renewal of a licence, right or other form of authorisation, in terms of the Minerals (Prospecting and Mining Act), 1992.

Activity 3.2 (Mining and Quarrying Activities)

Other forms of mining or extraction of any natural resources whether regulated by law or not.

Activity 3.3 (Mining and Quarrying Activities)

Resource extraction, manipulation, conservation and related activities.

2. Details of the activity(s) covered by the environmental clearance certificate:

Note: Please attach plans to show the location and scope of the designated activity(s), and use additional sheets if necessary:

Title of Activity:

- **Environmental Impact Assessment (EIA) for renewal of the environmental clearance certificate for mining of base and rare metals (semi-precious stones & copper ore) on mining claims 70750 & 70751 at Ondera Village, Opuwo Rural Constituency, Kunene Region, Namibia.**

Nature of Activity:

The project involves an Environmental Impact Assessment (EIA) for the renewal of the environmental clearance certificate for mining of base and rare metals (semi-precious stones & copper ore) on mining claims 70750 & 70751 at Ondera Village, Opuwo Rural Constituency, Kunene Region, Namibia.

Location of Activity:

Ondera Village, Opuwo Rural Constituency, Kunene Region.

Scale and Scope of Activity:

The scope of this project is limited to conducting an environmental impact assessment and applying for an Environmental Clearance Certificate for the renewal of the environmental clearance certificate for mining of base and rare metals (semi-precious stones & copper ore) on mining claims 70750 & 70751 at Ondera Village, Opuwo Rural Constituency, Kunene Region, Namibia.

It is recommended that the mining operations be authorised to continue, as the activities provide employment for the local people and contribute to local & national economic development through attracting more investors to the nearby settlement of Ondera Village and surrounding settlements/farms and additionally increasing people's livelihoods through job creation.

The significance of the social impact on the residents of Ondera Village was deemed to be High (positive). The significance of negative impacts can be reduced with effective and appropriate mitigation provided in this updated EMP. If authorised, the implementation of an EMP should be included as a condition of approval.

As a result, we are of the opinion that there is no need for a full Environmental Impact Assessment study to be conducted for the reason that the significant effects associated with the proposed developments are minimal.

PART C: DECLARATION BY APPLICANT

I hereby certify that the particulars given above are correct and true to the best of my knowledge and belief. I understand the environmental clearance certificate may be suspended, amended or cancelled if any information given above is false, misleading, wrong or incomplete.
