**Attachments:** BID\_EPL 10774.pdf

Good day Sir,

As per our telephonic conversation, **Ruso Mining and Trading CC (The Proponent)** proposes to undertake prospecting and exploration activities on **Exclusive Prospecting License (EPL) No. 10774 located approximately 15 km northwest of Otjiwarongo, in the Otjozondjupa Region.**

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as an I&AP for this proposed activity, and the reason you are receiving this communication.

Please find the attached Background Information Document (BID) for the proposed prospecting and exploration activities.

The EPL overlies the following farms: **Waverley No.347 and Hoasas No.16**

**Kindly note that the stakeholder's consultation meeting is scheduled as follows:**

**Date: 16th March 2026 (Monday)**  
**Time: 14h00**  
**Venue: Farm Waverley No.347**

This meeting will provide an open forum to share your concerns, ask questions, and understand the proposed project in detail.

Should you have any questions or require any clarification, please do not hesitate to contact us.

Kind regards,
