Dear Sir/Madam

Kamau Town Planning and Development Specialists has been appointed to administer and facilitate the environmental and town planning processes associated with the proposed development on the Remainder of Farm Arandis Town and Townlands No. 170. In this regard, our office intends to undertake the following development applications:

1. Subdivision of the Remainder of Farm Arandis Townlands No. 170 into Portions A, B, C, D, E, F, G, H, and the Remainder of Farm Arandis Townlands No. 170,
2. Subsequent Rezoning of Portions A to G, of The Remainder of Farm Arandis Townlands No. 170 from "Undetermined" to "Business" with a Bulk of 1.0,
3. Rezoning of Portion H from "Undetermined" to "Street", and
4. Alteration of the Boundaries of Arandis Extension 1 to Include Portions A to H

In accordance with the Environmental Management Act, No. 7 of 2007, and the Environmental Impact Assessment Regulations (Government Notice No. 30 of 6 February 2012), an Environmental Impact Assessment (EIA) process is required for the above-mentioned activities. Our office has accordingly commenced the EIA process for the proposed development.

In line with Regulation 21(2) of the EIA Regulations, a Background Information Document (BID) is hereby submitted to the Local Authority as part of the public consultation process. The BID provides an overview of the proposed development and outlines the intended environmental assessment process. The Local Authority is hereby notified and invited, in its capacity as the relevant local authority and an Interested and Affected Party, to review the BID and submit any written comments, concerns, or inputs within the stipulated public consultation period.

Furthermore, as required by the Ministry of Environment, Forestry and Tourism, consultants undertaking an EIA are obliged to submit a consent letter from the relevant local authority as a mandatory annexure prior to the processing of the EIA application. We therefore respectfully request the Local Authority to issue a consent letter authorising Kamau Town Planning and Development Specialists to proceed with the Environmental Impact Assessment for the proposed development on the Remainder of Farm Arandis Town and Townlands No. 170.

The following documents are attached in support of this request:

- Annexure A: Background Information Document (BID)
- Annexure B: Sample Local Authority Consent Letter

We trust that this notification and request will receive your favourable consideration. Should any clarification be required, our office remains available to engage further.

Kind regards,
