Transmission Engineering Technician: Mobile Telecommunications Limited (MTC)

P O Box 23051

Windhoek

Dear Mr. Tuhafeni Erastus

REQUEST FOR APPROVAL TO ERECT NETWORK TOWERS IN NKURENKURU TOWN

This letter serves to acknowledge receipt of your letter dated the **14th of May 2025** regarding your request to erect network towers within Nkurenkuru Town and the contents of your letter have been well noted with appreciation.

Nkurenkuru Town Council would like to sincerely thank you for your prompt response to the community's expressed need for improved network coverage. Your commitment to addressing this outcry is commendable.

Please be informed that the Council has no objection to the erection of the proposed network towers at the identified areas. As per your conversation with the Town Planning Officer on the **15th of May 2025**, the erf no. for Nkurenkuru Extension 3 should be 1390 and not erf no. 3 as per your letter dated the **14th of May 2025**. Therefore, you are provisionally granted permission to proceed with the erection of the towers with immediate effect while the formal approval process is underway. However, you are advised to consult the Department of Technical Services, Planning and Environment during the construction process to determine the exact position of the towers on their respective erf.

Kindly note that once the necessary documentation has been submitted for Council's consideration and a resolution is obtained, an official approval letter will

 15/05/2025

be issued. This letter will include the applicable lease amount, and a formal lease agreement will then be prepared for signature by both parties.

We trust this arrangement is in order and look forward to receiving favorable consideration and continued cooperation from your office. Thank you for your partnership and commitment to a productive working relationship.

Please accept Mr. Erastus the assurance of our highest consideration.

Sincerely Yours,

Sindimba P. S
Chief Executive Officer
Nkurenkuru Town Council
