**TO WHOM IT MAY CONCERN**

**RE: APPROVAL AND CONSENT TO MINE COPPER ORE AT EXISTING CLAIM NO. 68193, OMAO VILLAGE**

This letter serves to confirm that Okangundumba Conservancy hereby grants approval and consent to **Uariongozu Marks Tjihoto** to conduct copper ore mining activities at the existing mining claim number **68193** situated at Omao Village.

The Conservancy acknowledges that the mining activities will be conducted within the boundaries of the approved claim area and in accordance with the laws and regulations of the Republic of Namibia, including environmental and community obligations.

The Conservancy further understands and agrees that:

1. The mining operations shall be limited to Claim No. 68193.
2. The applicant/company shall respect the rights and interests of the local community and surrounding environment.
3. All necessary permits, licenses, and environmental clearances required by the relevant authorities must be obtained before operations commence.
4. The applicant/company shall cooperate with the Conservancy and local leadership regarding community matters arising from the mining activities.

This consent is issued in support of the applicant's mining operations and may be presented to the relevant government authorities as proof of community/conservancy approval.

Yours faithfully,

**Consent Letter from Ombombo Traditional Authority**

29 APR 2026

**Date:** 24 April 2026

**To Whom It May Concern,**

**Subject: Consent for Mining Activities on Mining Claims MC 68193, (Omao Village area)**

This letter is issued by the **Ombombo Traditional Authority**, Opuwo, Kunene Region, Namibia, to confirm that the Authority and the community of **Omao Village** are aware of mining activities taking place in our area.

We confirm that the following mining claims are existing and registered with the Ministry of Mines and Energy and are held in the name indicated below:

- **MC 68193 — Tjihoto UM**

The Ombombo Traditional Authority and the entire Omao Village community **have no objection** to the above-named claim holders carrying out mining activities to mine **copper ore** on their respective registered claims listed above, subject to the claim holders complying with all applicable national laws, regulations, and required permits from the Ministry of Mines and Energy and other relevant authorities.

This consent is given on the understanding that the claim holders will:

- Conduct all activities in accordance with Namibian mining and environmental legislation;
- Undertake appropriate environmental and social safeguards, including any required Environmental Impact Assessments and management plans;
- Engage and consult with the Ombombo Traditional Authority and the local community on project plans, employment opportunities, and community development measures; and
- Respect customary land use, cultural sites, and community rights within the Authority's jurisdiction.

Should further clarification or a meeting be required, the Ombombo Traditional Authority is available to meet with the claim holders and relevant officials to discuss project details and community arrangements.

Yours faithfully,

  
Jaapuka Mumbuu

Chief of Ombombo Traditional Authority
